## ITEM #1 Discussion Items

- **Faller Certification:** Kevin Boness announced that Scott Hunt, the Arizona State Forester, has signed the Chain Saw Program. Kevin presented an overview of the program and informed the Committee Members that the Standard Operational Guideline for the program can be viewed online at [www.azsf.az.gov](http://www.azsf.az.gov). Kevin explained that the Chain Saw Program is not yet fully operational and is just now in the initial stages of being implemented. Some of the specific areas that are in the process of being developed include: (1) The Guideline requires that each District Forester select a District Chain Saw Program Coordinator. At the time of the meeting the Phoenix District and Tucson District have not selected a Chain Saw Program Coordinator. Bruce Banke will be the Coordinator for the Flagstaff District. The requirements and recommendations for the Program Coordinator are identified in the Guideline; (2) Including the employees from Arizona State Forestry as well as the Cooperators, there are not a sufficient number of Fallers/Sawyers who are qualified as C Certifier's to manage the training/certification needs. Kevin stated simply that we have to start somewhere and when the Chain Saw Program Coordinators have been selected, they, along with input from the District Foresters will identify a number of C Certifiers to qualify. Those people will provide a foundation upon which the program will build.
- Kevin made note several time that the State of Arizona is fully aware that there will be a need for detailed discussion and likely some revision of the criteria as the program is put into practice. Kevin offered the 15 tree cut requirement in the FALC Task Book as one example.
- There were questions regarding the qualification/certification process. Kevin explained that the FALA qualification will continue to be delegated to the authority of the Fire Departments. The Initiation of FALB/FALC task books and approval for FALB/FALC qualifications will require approval from the Qualifications Review Committee. All required NWCG training (currently S-212) and the Arizona State Forestry Task Book will be required for approval.
- Several Fire Departments have been using task books from other agencies along with the NWCG S-212 Course as they could not wait for this official State Chain Saw Program to be implemented. This fire season will be a season of transition. The people who have already been qualified (or approved as trainees) for FALB/FALC through their Fire Departments will need to submit their S-212 Certificate and the Task Book documents that the Fire Departments have been using. These documents must be submitted as soon as possible (March 15<sup>th</sup>) in order for the qualifications to be approved (or denied) by the committee via email and then included on their State Issued Red Card for the 2011 season. The Committee has decided to focus on the Hotshot Crews and the Type 2 Crews as the first priority and then will continue with the firefighters who are not on a crew as the season continues. The Granite Mountain Hotshots are active on April 9<sup>th</sup> and the Ironwood Hotshots are active April 26<sup>th</sup>.
- Request was made that the Hotshot Crews be given authority to initiate the FALB task books through the summer. That request was declined as there is already a procedure in place to contact the District Forester to gain approval between meetings.
- Kevin reminded the committee members that while it is acceptable this fire season for the Fire Department's to submit documentation for FALB/FALC based on the systems they have been using independently, at some point the Chain Saw Program will be fully in effect and the Program Committee will then identify, in greater detail, the requirements for certification.

- Some members of the Committee discussed developing, essentially, an S-312 class as a way of managing the demand for FALB/FALC certifications. The class would allow a limited number of students (i.e. 20), each student would have 2 trees, the class would be supervised by a qualified C Certifier and be observed by several qualified FALC. After the class is complete the field experts would have an audit of the course and develop it further. Once the course has been developed they would offer the class as a train the trainers class and be able to start with a developed standard.
- A request was made to post a document on the Arizona Website stating that the policy for FALA Certification has been delegated to the local Fire Departments. When the people who are in IQS and who receive their card from the Arizona State Forestry (rather than the Fire Department) are at an incident they sometimes are denied the use of Saws due to having their FALA certification on a separate red card. I suggested that the FALA qualification be included on the State Issued Red Card if the person is already in IQS and already receives their card from the Arizona Forestry. Agreed. Also noted that the FALB/FALC will be the priority this year.
- **Request to revise the open 3 task book limit for persons working on the IHS Crews:** Darrell Willis requested a revision to the requirement of "3 task books open at one time" for people who are working on Hotshot Crews and also potentially for the people working on Type 2 Crews. He stated that the people who work on the crews have a high volume of fire assignments and opportunity and need to have the option to pursue the opportunities when they arise. The Committee decided to count the combined task books as a single open book when determining the total number of books that are open. In other words, if someone has been approved to initiate their ENGB, CRWB, and FIRB task books that only "counts" as one task book open since all of those qualifications are a single resource boss qualification. The Committee still requires that a request be made to the committee to initiate the task books before the books are initiated.
- **Data Entry into IQS/ROSS:** Bob Arthur suggested that someone from each district be trained to enter the raw data into IQS and ROSS to support data entry projects. It was noted that during the summer, if activity is slow in the dispatch center, the Dispatchers do support the ROSS Data Entry for FFT1 and FFT2 firefighters as time allows. The option to merge or download data from remote users has not been utilized up to this point and the availability of such functions with IQSWeb is unknown. Susan will find out about these options and report back to the committee on April 25<sup>th</sup>.
- **Re-Initiating Task Books:** If someone has a task book that requires Committee Review and it expires, the Az. State Forestry Training Specialist (currently Susan Burger) can authorize the person to initiate a new task book provided the person's file was reviewed by the Arizona Qualifications Review Committee when they initiated that book. Copies of the cover sheet and evaluations from the expired book must be turned in to be filed in their Arizona State Training file when the new book is initiated. A copy of the Cover Sheet from the new task book must be submitted for the qualification to be entered in IQS/ROSS. While the evaluations from the expired task book may be used to demonstrate depth of experience, the person will need to complete the tasks in the new task book in their entirety.

<b>ITEM #1 Discussion Items</b>		
<ul style="list-style-type: none"> <li>• <b>Faller Qualifications:</b> The Chain Saw Program is in it's transitional period. If a red card is issued by Az. Forestry, the documentation for all faller qualifications (S-212, task book, and/or stump analysis) must be submitted to Susan Burger to have the qualification included on the red card. All FALB and FALC qualifications will be reviewed by the committee prior to being included on the red card. The C Certifier qualification is included in the transition plan and is being assessed directly by the Qualification Review Committee until the Chain Saw Program Sub-Committee is operational. The FALB and FALC qualifications now require Committee Approval prior to initiating a task book for those positions as well as to be approved for the qualification when the task book is complete. A red card that includes the FALB or FALC qualification will be issued by Az. Forestry.</li> <li>• <b>Faller Expiration Dates</b> If it has been 3 years or more since completing S-212 or since completing the relevant Faller Task Book/Stump Assessment, then the Faller qualification has expired. Those expired qualifications were not included on the 2011 Red Cards that were issued by Az. Forestry. In reviewing training files, however, it was noted that there are a significant number of Faller Certifications that have expired. The question was brought to the committee to determine if all of these people would need to start over with a new Az. Forestry Faller Task Book or if there would be an alternative provided that would to allow them to re-certify. Secondly, the committee was asked to identify a deadline for the re-certification transitional period. After some careful discussion the committee has decided the following:             <ul style="list-style-type: none"> <li>• <b>For FALA qualifications that have expired:</b> The qualification will be included on the Red Card for 2011. To keep the qualification for 2012, either the S-212 course needs to be completed again or a stump analysis (administered by a qualified FALB or FALC) identifying the person as a FALA must be submitted.</li> <li>• <b>For FALB qualifications that have expired:</b> The qualification will be included on the Red Card for 2011. To keep the qualification for 2012, a stump analysis (administered by a qualified FALC) identifying the person as FALB must submitted and approved by the committee.</li> <li>• <b>For FALC qualifications that have expired:</b> The qualification will be included on the Red Card for 2011. To keep the qualification for 2012, a stump analysis (administered by a qualified C Certifier) identifying the person as FALC must be submitted and approved by the committee.</li> <li>• <b>December 31<sup>st</sup> 2011:</b> If the Stump Analysis for the expired qualification is not completed by December 31<sup>st</sup>, 2011 the person will be required to initiate a new task book for the qualification they are seeking per the Chain Saw Program.</li> </ul> </li> <li>• <b>Annual Refresher and 3 Year Recertification/Training.</b> The Committee discussed a variety of ideas, options and considerations regarding the Annual Refresher and the 3 Year Recertification &amp; Training requirements that are included in the Chain Saw Program. The refresher training schedule and curricula has not been set. Implementation for the Recertification and Training that is required every 3 years is also not established. The Qualification Review Committee is requesting that the Chain Saw Program Development Committee re-convene to develop and propose a plan for establishing these necessary components of the Chain Saw Program. The members of the previous committee as identified in the April 1, 2008 Minutes are: Kevin Boness as Lead with Mark Shiery, Bob Arthur, Jim EtsHokin, Chris Jessop, Stu Rodeffer, Jayson Coil, and Duane Steinbrink. If the original members of the Chain Saw Program Development Committee are no longer available new committee members will be identified as needed.</li> <li>• <b>LIAISON OFFICER Trainee:</b> The Training Specialist is receiving an influx of requests for LOFR(t). The Committee will review and approve or decline requests for LOFR(t). Some conversation was had discussing potential pre-requisite requirements for LOFR(t) but no changes will be implemented at this time.</li> </ul>

- **HERNANDEZ, Joseph – Groom Creek FD:** Initiate ENGB task book – Approved.
- **HOPF, Greg – Camp Verde FD:** Complete ENGB & FIRB task books – Request Denied. Committee recommends for Greg to continue working on his task book, complete the required fireline hours, and the required amount and depth of wildland assignments.
- **HUNT, Jeff – Beaver Dam Littlefield FD:** Request ENGB qualification – Request Denied. The Committee requests that Jeff submit a “fully successful” evaluation from an ENGB task book (along w/ cover sheet and certification page) that is obtained on a wildland incident. In addition Jeff will need to submit a fire experience log to document his wildland experience. After the documentation has been received the committee will review his file to assess the ENGB qualification.
- **JOHNS, Martin – Summit FD:** Complete STEN task book – Approved.
- **KERN, Zeb – Phoenix FD:** Recertify CRWB & FALB; Initiate ENGB task book – Committee does not see relevance for CRWB qualification as Phoenix Fire has no Crews. Approved to Initiate ENGB task book. Approved to Initiate FALB task book.
- **LaFALCE, Tony – Casa Grande FD:** Initiate MEDL task book - Approved
- **LECHER, Chris – Hellsgate FD:** Initiate MEDL task book – Approved.

- **MAJCHRZAK, Jamie – Scottsdale FD:** Complete ENGB task book – Committee requests Official letter from Rural Metro to verify experience then ENGB approved pending currency assignment with a “fully successful” task book evaluation from a wildland incident.
- **MILLS, David – Tusayan FD:** Previous transfer file – Review for DIVS, FALC, FELB, FIRB, ICT3, ICT4, RXB1,RXB2, SOPL, STCR, STEN, TFLD, (Note – ENGB already approved by committee 8/24/2010) – Approved.
- **OJEDA, Pat – Sedona FD:** Complete ENGB task book – Approved. Committee strongly recommends that Pat complete S-234.
- **OWEN, Andrew – Pinewood FD:** Complete FALB task book; Initiate CRWB task book – Approved.

<b>CONCLUSIONS</b>	<p>Due to the active fire season, there were significantly more requests than usual submitted for review on September 26<sup>th</sup>. After a full day of reviewing files, the committee was not able to finish all of the requests that were on the agenda. The Committee is having a second meeting to review the files that were already on the agenda but were not reviewed. The committee will also review files that have already been submitted but were sent after the August 19<sup>th</sup> deadline. Any new submissions are welcomed for the committee meeting on October 27<sup>th</sup>. Any new requests should be submitted no later than October 11<sup>th</sup> and will be processed in the order that they are received.</p> <p style="text-align: center;"><b>The deadline for your request to be included on the agenda for the October 27<sup>th</sup> review meeting is Monday, October 11<sup>th</sup>.</b></p>

- **TODORA, Jason – Lakeside FD:** Completed ENGB task book – Approved.
- **WALLACE, Richard – Pinetop FD:** Initiate ICT4 task book – Approved.
- **WHITTED, Clayton – Prescott FD:** Review for FIRB Qualification. Clayton seeking clarification re: the committee decision during the Sept 26<sup>th</sup> meeting for him to complete an out of area assignment prior to qualifying him as a FIRB. He wants clarification re: “out of area”. According to the committee meeting notes from Nov 28, 2007... “The term “local” refers to the area in and around the fire district. The term “out of area” refers to areas which vary in terrain and fuel types from those in their local area.” Please refer to Discussion Item #6 from the Nov 28, 2007 meeting for additional clarification. The Committee decided, however, to drop the requirement for Clayton to complete his additional assignment “out of area” but still is requiring one additional assignment with a task book evaluation prior to authorizing the FIRB qualification.
- **ZAMORA, Timothy – Tubac FD:** Initiate ENGB task book – Approved pending receipt of all necessary documentation. The Committee strongly recommends that Timothy complete Ignition Operations (currently S-234) and Interagency Incident Business Management (currently S-260) before requesting the ENGB Qualification.

<b>ITEM #1 Discussion Items</b>
<ul style="list-style-type: none"> <li>• <b><u>Chain Saw Program Update:</u></b> <ul style="list-style-type: none"> <li>* The Qualifications Review Committee accepted the proposal of the Chain Saw Sub Committee to extend the transitional period for submission of documentation of faller certification until July 1<sup>st</sup> 2012.           <ul style="list-style-type: none"> <li>&gt; <b>If a firefighters' most recent faller certification was completed more than 3 years ago the certification has expired. The qualification will be removed from IQS and ROSS on July 1, 2012 unless a current stump analysis document, administered by a qualified Faller, has been submitted.</li> <li>&gt; After July 1, 2012 any person who wishes to pursue a Faller Qualification will be required to initiate a new task book or follow the re-certification process for the qualification they are seeking per the Chain Saw Program and Qualifications Review Committee.</li> </ul> </li> <li>* The Chain Saw Sub Committee will develop a simple "certificate" or document that indicates the qualification level for the applicants training file. This will support the person in having documentation for their qualifications should they switch employers or need documentation for any other reason. Until the implementation phase is completed it is acceptable to forward a copy of the documentation being used (i.e. previous employers sawyer card, stump analysis that identifies their qualification, etc.)</li> <li>* The Chain Saw Sub Committee has made some additional revisions to the Chain Saw Policy and they will be submitting a proposal for those revisions to the Qualifications Review Committee. After the Qualifications Review Committee reviews the proposal the request will be forwarded, along with their recommendations, to the State Forester for final approval. Possible revisions include:           <ul style="list-style-type: none"> <li>&gt; FALC experience will be used to maintain C-Certifier qualification.</li> <li>&gt; Two C-Certifiers will be required to approve a Level C Faller for qualification.</li> <li>&gt; The Faller Positions will carry a 3 year currency from the most recent documented experience.</li> <li>&gt; The Faller Positions will not need to re-certify unless their qualification expires (i.e. it has been more than three years since their most recent cutting experience)</li> </ul> </li> </ul> </li> <li>• <b><u>Revisions (Clarifications) to Committee By-Laws or the Policy #25:</u></b> <ul style="list-style-type: none"> <li>* The Qualifications Review Committee has made a revision to Policy #25 regarding the Criteria required for the Liaison Officer Qualification (LOFR). For a Liaison Officer to be qualified through the Az. State Qualifications Committee it will be required for them to have completed S-130/S-190 &amp; I-400 in addition to the NIMS requirement of I-100, I-200, I-300, IS-700, and IS-800. These Courses do not have to be completed to initiate the task book but must be completed prior to its completion.</li> <li>* The Committee discussed and confirmed their previous decision that each task book evaluation must be completed by someone who is qualified in the position being evaluated.</li> <li>* We re-visited the question about if it would be appropriate to allow experience gained during a structure or city incident to count towards the total required fireline hours for the position of ICT5 and ICT4. Kevin agreed to pose the question to the State FMO for his input.</li> <li>* While the Committee can sometimes conduct an email review to address emergency requests (to initiate a task book or to certify a qualification) during the fire season, it is often not feasible. The Committee clarified the process and authorization</li> </ul> </li> </ul>

whereby the District Foresters can grant interim approval during the fire season when it is not possible for the team to convene...even via email.

- > The State Forester has the authority to qualify individuals outside the regular committee meetings under emergency circumstances. The State Forester has delegated that authority to the State Fire Management Officer. The State Fire Management Officer has delegated the authority to grant interim approval to all 3 District Foresters.
  - > Interim approval is a temporary approval that is valid until the Committee's next Qualifications Review Meeting.
  - > For the District Forester to grant an interim approval, all required documentation (i.e. training certificates, task books, cover sheets, fire experience records) must be reviewed and approved by the District Forester and then submitted to the training specialist. There should be no question that the person is qualified for the position they are requesting.
  - > The District Forester will notify the State Training Specialist and the State Fire Management Officer via email of all interim approvals that are granted.
  - > The State Training Specialist will process the new qualification/s in the Incident Qualification System (IQS) and the Resource Ordering Status System (ROSS) and will ensure that the person is included on the agenda so their records will be reviewed during the next Qualifications Review Meeting or Email Review; whichever is first.
  - > The State Training Specialist will issue an updated Red Card that includes the newly approved qualification/s.
- **Tactical Tender Staffing Requirements:**
    - \* The question was posed "Should it be required for a Tactical Tender to be staffed with a qualified Engine Boss?" to ensure the safety of all involved.
    - \* The Committee reviewed the differences between the Support and Tactical Tenders and also the State Contracted Requirements for Support and Tactical Tenders.
    - \* The Committee considered the strain it would place on the "system" and on the Districts and Departments who already operate with a limited number of qualified Engine Bosses.
    - \* A suggestion was made to revise the proposed requirement to "Require that a Tactical Tender is staffed with a qualified FFT1".
    - \* The Committee discussed the possibility of developing some minimal criteria for the Staff of a Tactical Tender (Training requirements, pre-requisite experience, etc...)
    - \* No decision was made. The conversation was intended to explore rather than decide. Kevin appreciated the input and will take the input to his meeting next week.

<b>ITEM #1 Discussion Items</b>		
<ul style="list-style-type: none"> <li>• <b>Chain Saw Program Update:</b> <ul style="list-style-type: none"> <li>* The Qualification Review Committee reviewed and accepted the Chain Saw Policy revisions that were proposed by the Chain Saw Sub Committee. The Chain Saw Policy will now be forwarded to the State Forester for final review.</li> </ul> </li> <li>• <b>Revisions (Clarifications) to Committee By-Laws or the Policy #25:</b> <ul style="list-style-type: none"> <li>* The Committee discussed the use of Training Drills (such as the AWA, or the annual CAWRT Drill etc...) as an incident of experience on the fire experience logs to maintain currency for qualifications. While the training drills do contain opportunity for decision making and resource management and there is some potential for unforeseen events to occur, the committee views these drills as planned events rather than wildland incidents. If someone is requesting to use these drills to maintain currency of their qualifications, it is given that they have not taken an active assignment for 5 years. The committee has agreed to consider these only on a case by case basis since the consideration of numerous conditions would be required.</li> <li>* The Committee also discussed the use of Training Drills as an incident for completing tasks in an initiated task book. The committee will accept the use of Training Drills for tasks that are coded as "O" or "I". No task book will be accepted as complete with ONLY Training Assignments for Incidents.</li> </ul> </li> </ul>

- **FORBACH, Wed – Flagstaff FD:** Initiate MEDL task book – Approved pending submission of current EMT Card.
- **FOSTER, Todd – Tempe FD:** Completed TFLD task book – Approved. Also approved STEN qualification pending separate Verification/Certification documentation.
- **GILLESPIE, Mike – Summit FD:** Initiate SOF1 task book – Approved.
- **HACKETT, Ed – Tucson FD:** Initiate ENGB task book – Not Approved. Training file is missing FFT1 task book and Training Certificates.
- **HENNINGSEN, Kirby – Highlands FD:** Request to transfer RXI2 over to FIRB qualification – If his RXI2 experience is current then approved. If not current then Kirby needs to complete a currency assignment prior to FIRB qualification is granted. FIRB(t) will be issued on his card until currency assignment is submitted on his Fire Experience Record.
- **HOYE, Mike – Green Valley FD:** Initiate STEN task book – Approved.
- **JACKSON, Brian – Sonoita/Elgin FD:** Initiate ENGB task book – Approved.
- **JARVIS, Rob – Christopher-Kohls FD:** Completed CRWB task book – Not Approved. Jim Downey will

consult with Rob to review the Qualification Process.

- **JESSOP, CHRIS – Show Low FD:** Completed TFLD task book – Approved pending fully successful task book evaluation. Upon submitting a fully successful task book evaluation as a TFLD(t), the full TFLD qualification will be approved without further committee review.
- **JOHNS, Martin – Summit FD:** Initiate COML task book – Approved.
- **KIMBALL, Byron – Az. Forestry (State Office):** File Review – Approved as DIVS, ICT3, TFLD, STEN, ENGB, CRWB, FIRB, FBAN, SITL, FOBS, RXB3, RXB2(t), EDRC(t)

- **LAUBER, Brian – Az. Forestry (State Office):** Initiate DOCL task book – Approved.
- **LOHR, Matt – Sun City FD:** Initiate ENGB task book – Approved.
- **LUCAS III, Matt – Prescott FD:** Initiate ICT3 task book – Approved pending missing ICT4 task book pages and fire experience logs.
- **LYONS, Nick – Goodyear FD:** Completed ENGB task book – Approved pending receipt of Training Certificate for “Crew Boss (Single Resource)” (S-230).
- **MACHADO, Ray – Rio Rico FD:** Initiate ENGB task book – Approved pending receipt of Training Certificate for “Look Up, Look Down, Look Around” (S-133) or “Intermediate Wildland Fire Behavior” (S-290).
- **McVEY, George – Az. Forestry (Phx. District):** Completed ENGB task book – Approved. The Committee strongly recommends that George complete Ignition Operations (currently S-234) to support his overall Training and Development.
- **NEILSEN, Vince – Sun City West FD:** Initiate ENGB task book – Approved. The Committee strongly recommends that Vince Complete Interagency Incident Business Management (currently S-260) before requesting qualification as an ENGB.
- **NIEMYENSKI, Doug – Central Yavapai FD:** Initiate STEN task book – Approved.
- **NOFFZ, Duane – Springerville FD:** Initiate STEN task book – Approved.
- **OJEDA, Andres – Beaver Dam Littlefield FD:** Initiate ENGB task book – No Approved. File is missing Training Certificates for Basic Wildland Firefighter (S-130, S-190, L-180, I-100).
- **OLTROGGE, Paul – Flagstaff FD:** Completed ENGB task book – Approved.
- **PIKE, Richard – Northwest FD:** Initiate MEDL task book – Approved.
- **POND, Jim- Highlands FD:** Initiate RESL task book – Approved.
- **REED, Jeremy – Peoria FD:** Initiate LOFR task book – Approved.
- **REIDHEAD, Brandon – Pinetop FD:** Initiate ENGB task book – Not Approved. File is missing Training Certificate for “Look Up, Look Down, Look Around” (S-133) and Fire Experience Records for qualified FFT1 assignments.
- **REIMAN, Libby – Groom Creek FD:** Initiate DOCL task book – Approved.
- **ROCHE, Ben – Chino Valley FD:** Initiate ICT4 task book – Approved.
- **ROMERO, Chris – Flagstaff FD:** Initiate STEN task book – Not Approved. Committee noted that additional ENGB assignments are needed before being approved to initiate a STEN task book.
- **ROVA, Marc – Pinetop FD:** Initiate ENGB task book – Approved
- **RUSSO, Robert – Golder Ranch FD:** Completed ENGB task book – Approved. The Committee strongly recommends that Robert complete Interagency Incident Business Management (currently S-260) to support his overall Training and Development.
- **SHORT, Adam – Fry FD:** Initiate ENGB task book – Approved.
- **SMITH, Justin – Az. Forestry (Flagstaff):** Completed CRWB task book – Approved. Initiate ICT4 and STEQ task books – Approved.
- **SPERAZZA, Tory – Taylor FD:** Initiate ENGB task book – Approved.

- **SPRAVZOFF, Shane – Flagstaff FD:** Initiate STEN task book – Approved.
- **STARR, Darby – Sun City West FD:** Initiate STEN and ICT4 task books – Approved.
- **STORMS, Matt – Picture Rocks FD:** Initiate ENGB task book – Not Approved. Committee noted that additional qualified FFT1 assignments are needed.
- **STOUT, Jim – Casa Grande FD:** Completed ICT4 task book – Not Approved. The Committee is requesting Fire Experience Logs to document 60 Fireline Hours (1/2 Hotline) as ICT4(t) and a Fully Successful Task Book Evaluation from a Type 4 Wildland Incident.
- **THORSEN, Harold – Picture Rocks FD:** Completed ENGB task book – Approved Pending review of legible fire experience logs. The Committee was not able to read the fire experience logs that were submitted and is requesting that they be written clearly on a current Firefighter Experience Record form and re-submitted.
- **TINGLE, Terry – Sunsites Pearce FD:** Completed ENGB task book – Not Approved. The Committee is requesting one more fully successful task book evaluation from a Wildland Incident that is Type 3 or larger.
- **TYLER, Norval – Az. Forestry (Deer Valley Office):** Initiate SEMG task book – Approved.
- **WALKER, Larry – Maricopa FD:** Initiate ENGB task book – Approved.
- **WALLACE, Richard – Pinetop FD:** Initiate STEN task book – Approved pending review of fire experience logs. The Committee noted that Richard’s fire experience logs are missing some relevant information. The Committee is requesting that Richard break out his fire experience logs to include the required information. A blank Firefighter Experience Record formatted for data entry can be accessed on the azsf.az.gov website or click here: <http://www.azsf.az.gov/userfiles/file/FIRE%20EXPERIENCE%20LOG.doc>
- **WEAVER, Don – Buckeye Valley FD:** Completed ENGB task book – Not Approved. It does not appear that Don was approved by the Arizona Qualification Review Committee to initiate an ENGB task book. In addition, his records are missing items that are required. The Committee is requesting his completed FFT1 task book pages and sufficient fire experience logs to document his qualified FFT1 Experience. Specifically, the Committee is looking for documentation of his assignments outside his fire district and his Large Fire Assignments; the documentation that was submitted for small fire activity is sufficient.
- **WESBROCK, John – Summit FD:** Initiate ENGB task book – Approved.

<b>ITEM #1 Discussion Items</b>
<ul style="list-style-type: none"> <li>• <b>Qualification Review Committee Membership:</b> Each District (Phoenix, Flagstaff &amp; Tucson) is required to have two primary Fire Department representatives and one alternate Fire Department representative on the Qualification Review Committee. Chris Jessop, a primary Fire Department representative from the Flagstaff District, has terminated his membership. Randy Chevalier from Show Low FD has been selected by Kevin Boness to serve as the new primary Fire Department representative from the Flagstaff District. Randy has accepted that position. Additionally, Dennis Stern from Lakeside FD has accepted the Flagstaff District alternate Fire Department representative position that has been vacant since 2010. Welcome to Randy and Dennis.</li> <li>• <b>Revisions (Clarifications) to Committee By-Laws or the Policy #25:</b> <ul style="list-style-type: none"> <li>* The "Committee By-Laws" and the "Arizona State Forestry Division Policy Memo No. 25 Minimum Experience Requirements for Red Card Certification by the Arizona State Wildfire Review Committee" have been updated to include all of the Committee revisions and corrections as recorded in the meeting notes since the April 9, 2007 Committee meeting. The revised documents will be distributed to the Committee Members for their review. During the February 6, 2013 meeting all committee input will be considered and the documents will be finalized. Following committee acceptance, the final documents will be submitted to the State Forester for signature.</li> <li>* The Committee Members had previously requested a revision to the Memo #25 to allow experience gained during all-hazard incidents to count towards fulfilling the total required fireline hours for qualification in the position of ICT4. The training specialist met with the State FMO regarding this topic. The State FMO has agreed that 20% of the hours could be satisfied with all-hazard assignments. This would be in addition to the 20% that can be satisfied on prescribed burn incidents (as currently indicated in the Policy #25). The remaining 60% of the hours must be completed while working on a wildland incident. The Committee Members pointed out that, in general, the people who work Rx Burns and the people who work all-hazard incidents are usually not the same people; resulting, in most cases, in a need for 80% of the hours be completed on wildland incidents. The Committee requested to allow 50% of the hours be satisfied with a combination of either All-Hazard or Rx Burns and the other 50% be completed on Wildland Incidents. The training specialist will bring this request to the State FMO and update the Committee at the next Review Meeting in February</li> <li>* The Committee had a discussion regarding pre-requisite experience requirements for initiation of Level 1 task books (i.e. ICT1, SOF1, PIO1, OSC1, PSC1, LSC1, FSC1). The Committee decided that at least 1 full assignment with a Type 2 Team on a Type 2 Incident as a fully qualified Level 2 in the position of interest will be required before being eligible to initiate a Type 1 task book. This will allow the candidate to have the experience of "running their own shop" as a Level 2 before they begin working as a Level 1 trainee. This is being implemented immediately. This revision will be updated in the Policy #25.</li> <li>* The current PMS 310-1 (October 2012) states: "Homeland Security Presidential Directive (HSPD-5) requires training for all emergency responders to support the NRF (National Response Framework)...NIMS (National Incident Management System) training requirements are attached to all positions identified in the PMS 310-1 and enforced for all." The Committee is aware that the training files and IQS records currently do not reflect completion of these requirements and will support the training specialist in having all personnel submit their "I" course certificates. The Committee will review the status during our meeting in February and determine the next step in managing that these records are documented per the PMS 310-1 requirement.</li> </ul> </li> </ul>

<ul style="list-style-type: none"> <li>• <b>Chain Saw Program Update:</b> <ul style="list-style-type: none"> <li>* The Qualification Review Committee has reviewed and accepted the Chain Saw Policy during the April 3<sup>rd</sup> Committee Review Meeting. The Chain Saw Policy is awaiting final approval from the State Forester.</li> <li>* Given the number of people who were on the agenda for qualification reviews and the number of topics for discussion, the Committee did not review the Chain Saw Qualifications during this meeting. The training specialist will arrange an email review for these qualifications prior to the February 6<sup>th</sup> meeting.</li> </ul> </li> </ul>		
ACTION ITEMS	PERSON RESPONSIBLE	DEADLINE
<ul style="list-style-type: none"> <li>• Update Memo 25 notes for this meeting and distribute to Qualification Review Committee Members for their review.</li> <li>• Manage email review for Chain Saw Qualifications</li> </ul>	<p>Susan Burger</p> <p>Susan Burger</p>	<p>December 21, 2012</p> <p>January 31, 2013</p>

ITEM #2	File Reviews
CONCLUSIONS	<ul style="list-style-type: none"> <li>• <b>ABEL, Todd – Central Yavapai FD:</b> Initiate OSC1 task book – Approved. Also must complete a full Type 2 Wildland Incident assignment (w/ Type 2 Team) prior to being approved as OSC1 per the newly established criteria.</li> <li>• <b>BAUMAN, Dan – Prescott FD:</b> Initiate FOBS task book – Approved. Initiate TFLD task book – Approved.</li> <li>• <b>BLAKE, Johnathan – Mohave Valley FD:</b> File Review for ENGB. Not Approved as ENGB. Approved to Initiate ENGB task book. Committee will accept previous task book assignments to demonstrate depth of experience. Mr. Blake needs to demonstrate the minimum criteria of 120 total Fireline hours as an ENGB(t) to include required Type 1 or 2 assignments and must show experience working in the Grass, Brush and Timber fuel type. Final task book evaluation needs to document that his assignment was rated as a “fully successful” assignment on a Wildland Incident. The Committee also strongly recommends that Johnathan complete Ignition Operations (currently S-234) and Interagency Incident Business Management (currently S-260) before requesting the ENGB Qualification.</li> <li>• <b>BLISS, Scott – Central Yavapai FD:</b> Initiate ICT4 task book – Approved. The Committee strongly recommends that Scott complete Interagency Incident Business Management (currently S-260) before requesting the ICT4 Qualification.</li> <li>• <b>BOGGLER, Coy – Sun City West FD:</b> Initiate ENGB task book – Approved. The Committee strongly recommends that Coy complete Ignition Operations (currently S-234) before requesting the ENGB Qualification.</li> <li>• <b>BONESS, Kevin – Az. Forestry (Flg. District):</b> Completed PSC1 task book – Approved.</li> <li>• <b>BREHL, Mark – Flagstaff FD:</b> Initiate PIO2 task book – Approved. Completed FIRB task book – Not Approved. All of Mr. Brehl’s documented fireline hours as FIRB(t) came from Prescribed Burns. According to the Policy #25, sixty fireline hours are required to obtain FIRB qualification. While there is an allowance for 20% of the hours to come from Rx burns, the remaining 80% of the hours must be obtained during Wildland Fire Assignments. The Committee will re-consider this request after documentation has been submitted showing FIRB(t) hours on Wildland assignments.</li> <li>• <b>BREWER, Will – Az. Forestry (Phx District):</b> Initiate CRWB, HEQB, ENGB task books – Approved.</li> <li>• <b>BREWER, Mike – Mesa FD:</b> Initiate ENGB task book – Approved. The Committee strongly recommends that Mike complete Interagency Incident Business Management (currently S-260) before requesting the ENGB Qualification.</li> <li>• <b>BROWN, Eric – Flagstaff FD:</b> Completed TFLD task book – Approved pending one more fully successful task book evaluation from an out of area Wildland Incident. The Committee strongly recommends that Eric complete Interagency Incident Business Management (currently S-260) before requesting the TFLD Qualification.</li> <li>• <b>BRUGLIO, Phillip – Az. Forestry (Phx District):</b> Completed CRWB task book – Approved. Initiate ICT4 task book – Approved. The Committee also strongly recommends that he complete Ignition Operations (currently S-234) and Interagency Incident Business Management (currently S-260) before requesting ICT4 Qualification.</li> <li>• <b>BUCKLIN, Lucy – Lakeside FD:</b> Initiate TIME &amp; COMP task books – Approved.</li> <li>• <b>BYRD, Mike – Buckskin FD:</b> Initiate ICT4 task book – Approved. The Committee strongly recommends that Mike complete Interagency Incident Business Management (currently S-260) before requesting the ICT4 Qualification.</li> <li>• <b>CALDWELL, Robert – Prescott FD:</b> Initiate CRWB, FIRB &amp; HEQB task books – Approved pending submission of missing documentation.</li> <li>• <b>CARNEY, Doug – Mohave Valley FD:</b> Initiate STEN task book – Approved. The Committee strongly recommends that Doug complete Interagency Incident Business Management (currently S-260) before requesting the STEN.</li> <li>• <b>CAROTHERS, Cougan – Central Yavapai FD:</b> Initiate ICT4 &amp; STEN Task Books. Missing Fire Experience Logs. Committee will re-consider request after fire experience logs have been submitted.</li> <li>• <b>CARSTENSEN, Joshua – Tubac FD:</b> Initiate STEN task book – Approved.</li> <li>• <b>CLARK, Jeffery – Queen Creek FD:</b> Complete TFLD task book – Not Approved. The committee is requiring one more Wildland Assignment as a TFLD(t) (and the task book evaluation from that assignment) to meet the criteria outlined in Policy #25. Jeff also needs to submit current fire experience logs to document his TFLD(t) fireline hours. The Committee will re-consider his request when documentation has been submitted.</li> <li>• <b>COIL, Jayson – Sedona FD:</b> Initiate ICT3 task book – Approved.</li> </ul>

- **DeFORD, Ryan – Az. Forestry (Phx District):** Initiate ICT4 task book – Approved. The Committee strongly recommends that Ryan complete Ignition Operations (currently S-234) and Interagency Incident Business Management (currently S-260) before requesting ICT4 Qualification.
- **DeWITT, Garrett – Taylor FD:** Completed ENGB task book – Not Approved. Committee is requesting additional task book evaluations. It was noted that Garrett has already completed additional large wildland assignments (Whitewater and Sunflower) that have no evaluations and it is recommended that he obtain evaluations for those assignments. If no evaluations can be obtained from those assignments the Committee recommends additional assignments with task book evaluations. The Committee will re-consider this request after the documentation is submitted.
- **DOBBS, Dave – Flagstaff FD:** Completed PSC2 task book – Approved. Noted that Dave must complete a full Type 2 Wildland Incident assignment (w/ Type 2 Team) prior to being approved to initiate PSC1 task book per the newly established criteria.
- **DURBY, Tim – Phoenix FD:** Completed FACL task book – Approved. Initiate FDUL task book – Approved.

<b>ITEM #1 Discussion Items</b>		
<ul style="list-style-type: none"> <li>• <b><u>Chain Saw Program Update:</u></b> <ul style="list-style-type: none"> <li>* The Arizona State Fire Management Officer has extended the transition period for Faller Qualifications for one year. All transitional documentation must now be submitted no later than December 1<sup>st</sup> 2013. For additional clarification re: the documentation that is accepted during the transitional period, review the Meeting Minutes from Sep 26<sup>th</sup> 2011.</li> <li>* Will Brewer has been assigned as the District Representative for the Chainsaw Sub-Committee for the Phoenix District. Please submit Chainsaw documentation to him if your department or district is within the Arizona State Phoenix District boundaries.</li> <li>* Point of Clarification: All Faller Qualifications (FALA, FALB, FALC, CCRT) will be included on Red Cards issued by the State of Arizona. The State of Arizona issues Red Cards for those who have qualifications at Single Resource Boss trainee or higher in the Operations section and ICT4 trainee or higher, LOFR trainee, PIO2 trainee or higher in the Command and General Staff Section, (Unit Leader trainee or higher in the Planning, Logistics, and Finance Sections, and Expanded Dispatch Supervisory Dispatcher and above in the Dispatch Section). For additional details re: this topic review the Meeting Minutes from Sep 26<sup>th</sup> 2011.</li> </ul> </li> <li>• <b><u>Discussion/Revisions (Clarifications) to Committee By-Laws or the Policy #25:</u></b> <ul style="list-style-type: none"> <li>* The Committee engaged in a conversation regarding the function and potential ways to implementing the Skills Crosswalk (Wildland Training for Structural Firefighters) in Arizona. Many ideas came out of the discussion and they will all be forwarded to the State Fire Management Officer for his consideration. The use and implementation of the Skills Crosswalk in Arizona will be re-addressed following the fire season.</li> <li>* Many people have asked the training specialist about the online version of the Interagency Incident Business Management course (S-260). Given the course is not required (but often strongly recommended) by the Arizona State Policy #25 or the 310-1, taking the online version or the classroom version is entirely at the discretion of the participant. The Committee believes that the classroom version offers a greater opportunity to get the most that is available from the course and that should certainly be taken into consideration when selecting.</li> <li>* <b>NOTE: The current 310-1 (issued Oct 2012) and the newly revised Policy #25 (awaiting signature) now include the NIIMS requirements. This has resulted in many (close to 75%) of the requests being listed as "approved pending." This means that the request has been approved as soon as the Az State Training Specialist accepts the required document. These requests will not be reviewed again by the committee. The new qualification or training need will be included on the 2013 Red Card after documentation has been accepted.</b></li> </ul> </li> </ul>

<b>MEETING CALLED BY</b>	Susan Burger, AZSF Training Specialist
<b>TYPE OF MEETING</b>	Qualifications Review Meeting
<b>COMMITTEE MEMBER ATTENDEES</b>	Az State Forestry Reps: Susan Burger, Jim Downey, Kevin Boness, Gene Beuadoin Phoenix District Reps: Bob Arthur – Canyon FD, Al DiBenedetto – Scottsdale FD Flagstaff District Reps: Jayson Coil – Sedona FD Tucson District Reps: Dugger Hughes – Northwest FD, Al Kingsley – Tubac FD, Mark South – Tubac FD

<b>CHAINSAW SUB-COMMITTEE GUESTS</b>	None
<b>GUESTS</b>	Gary Bernard – Peoria FD, James Cantelme – Daisy Mountain FD, Kevin Dodds – Phoenix FD, Tim Durby – Phoenix FD, Tyson Esquibel – Peoria FD, Nade Galligan – Daisy Mountain FD, Harley Harmon – Mohave Valley FD, Joe Hernandez – Groom Creek FD, Mike Laing – Fort Mohave Mesa FD, PJ Lingley – Sedona FD, Troy Lutrick – Glendale FD, Todd Miranda – Sedona FD, Bryan Monreal – Pinewood FD, Carl Nelson – Pinewood FD, Mark Sachara – Ponderosa FD, Paul Summerfelt – Flagstaff FD

<b>ITEM #1 Discussion Items</b>
<ul style="list-style-type: none"> <li>• <b><u>Chain Saw Program Update:</u></b> <ul style="list-style-type: none"> <li>* There are no revisions or updates to announce regarding the Chain Saw Policy at this time. Susan will follow up with the Chair of the Chain Saw Sub-Committee (Bruce Banke) to discuss the next step in the full implementation of the Chain Saw Policy and to find out if there will be a submission for review of Faller positions at the meeting on December 11<sup>th</sup></li> </ul> </li> <li>• <b><u>Discussion/Revisions (Clarifications) to Committee By-Laws or the SOG 804:</u></b> <ul style="list-style-type: none"> <li>* EMT, Advanced, and Paramedic Fireline Positions have been implemented in IQS. The qualification/currency for all EMT Fireline expiration dates will match the dates on the individual's EMT Card; given the person has completed the Basic Wildland Firefighting Courses and has passed the arduous fitness test per the requirement.</li> <li>* It was posed to the Committee that we adopt several of the Technical Specialist Positions from the USFS 5109.17. The members of the Committee will review USFS 5109.17 between now and the next meeting on December 11<sup>th</sup> at which time we will decide which, if any, positions will be included in the Arizona State Forestry SOG 804.</li> <li>* Following up on the use of the Skills Crosswalk (Wildland Training for Structural Firefighters) in Arizona. Per the State FMO (David Geyer) the first priority is to train all new IQS users to follow the 310-1 and the SOG804 as they are currently written. Once a majority of people have a working knowledge of that we can address use of the Skills Crosswalk.</li> <li>* The Program Manager of IQS (Keith Smith) will be coming to Arizona the first week of December and is offering 3 training sessions in the use of IQS. Each session is 12 hours and is limited to 20 participants per session. The location of these training sessions will be announced no later than October 31<sup>st</sup>.</li> <li>* The Committee agreed that once a person has been approved by the Qualification Review Committee to initiate a position in a shared "Unit Leader" taskbook from either the Finance Section (COMP/PROC/TIME) or the Logistics Section (FACL, COML, FDUL, GSUL, MEDL, SPUL) they will not need to return to the Committee to initiate a second position within that same taskbook. They DO need to submit all required training and experience documentation to the training specialist (Susan Burger) prior to working on the second position. If the person has already been approved by the committee as qualified in one of the positions from a shared "Unit Leader" taskbook in either the Finance Section or the Logistics Section they do not need to return to the committee for review to initiate a second position from that same taskbook. They DO need to submit all their pre-requisite documentation to the training specialist for approval and processing.</li> <li>* A proposal was made to add a minimum experience requirement to the SOG 804 for the initiation of the Section Chief Taskbook. The Committee agreed to require 14 operational periods as a qualified Unit Leader prior to initiating a Section Chief taskbook. This revision will not impact anyone who has already been approved to initiate a Section Chief taskbook but will be effective for anyone who requests to initiate a Section Chief Taskbook in the future.</li> <li>* The Qualification Committee is requesting that the Training Sub-Committee meet prior to the next Qualification Committee meeting. It is agreed that establishing a priority trainee list is a necessity for this State and will support us in maintaining a balanced and appropriate resource pool and also support efficient use of the resources we have. The Qualification Committee is particularly interested to know what positions are needed, what will distinguish an individual as a priority for training, how will we support them in getting out on an assignment. Perhaps a rep from the Training committee could attend next meeting and give us an update.</li> <li>* There was some discussion regarding the role and function of the Qualification Review Committee regarding the suspension of</li> </ul> </li> </ul>

an individual's qualifications. The Committee will look into situations that occur during an assignment which result in the person being reprimanded or asked to leave the incident due to questionable job performance. This Committee looks at the validity of qualifications and does not address personnel topics or disciplinary actions as those areas are most appropriately addressed by the home agency. If the Fire Chief or their Wildland Training Coordinator wishes to suspend an individual's qualifications they should contact the State Training Specialist to have those qualifications suspended from IQS and ROSS.

\* While the Committee is willing to support the request from some of its members to propose some revisions to the 310-1 to the NWCG regarding some qualifications and their pre-requisite requirements, they suggested a different avenue that they think will be more effective.

<b>COMMITTEE MEMBERS ABSENT</b>	Kevin Boness – Arizona State Forestry, Gene Beaudoin – Arizona State Forestry Jayson Coil – Sedona FD Al Kingsley – Tubac FD, Stu Rodeffer – Northwest FD
<b>CHAINSAW SUB-COMMITTEE GUESTS</b>	Bruce Banke
<b>GUESTS</b>	Robin Hanson – Arizona State Forestry, Rob Jarvis – Christopher Kohls FD, Adam Mackey – Northwest FD, Matt Storms – Picture Rocks FD,

<b>ITEM #1 Discussion Items</b>		
<ul style="list-style-type: none"> <li>• <b><u>Chain Saw Program Update:</u></b> <ul style="list-style-type: none"> <li>* There are no revisions or updates to announce regarding the Chain Saw Policy at this time. Susan spoke with the Chair of the Chain Saw Sub-Committee (Bruce Banke) to discuss the next step in the full implementation of the Chain Saw Policy. The next step is for Susan and Bruce to meet with the State FMO. Susan and Bruce will schedule a meeting with David and post the results of that meeting on the AZSF.gov website. Bruce had no new submissions for review of Faller positions for this meeting</li> </ul> </li> <li>• <b><u>Discussion/Revisions (Clarifications) to Committee By-Laws or the SOG 804:</u></b> <ul style="list-style-type: none"> <li>* During the October 8<sup>th</sup> 2013 Committee meeting, it was posed to the Committee that we adopt several of the Technical Specialist Positions from the USFS 5109.17. Review of this topic was rescheduled until the next meeting in March at which time we will decide which, if any, positions will be included in the Arizona State Forestry SOG 804.</li> <li>* The Committee was made aware that the requirement for completing a <i>classroom version</i> of I-200 was revised again in October/November 2013. The following paragraph is taken directly from the November 2013 NWCG Field Managers Course Guide "There are several options for taking the ICS-200 course. The current NWCG instructor led course (I-200) will remain available in the PMS thru September 30, 2014. At that time the NWCG course will be discontinued and NWCG will transition to use of the FEMA course. FEMA ICS-200: Information on taking the FEMA online course (IS-200) or downloading the course materials to teach an instructor led version can be found at <a href="http://training.fema.gov/IS/NIMS.aspx">http://training.fema.gov/IS/NIMS.aspx</a>. As the course is updated, the most current version will be posted and will be indicated by a letter following the course number (e.g., IS-200b). Students who completed an earlier version do not have to retake the course. Course certificates for the online version will be issued directly by FEMA at the completion of the course. NWCG member agencies should issue NWCG certificates when teaching an instructor led version."</li> <li>* Bottom line regarding IS-200: If IS-200 was completed prior to November 2013, any version is acceptable and it is not necessary to retake the course. Beginning with November 2013 if you are interested in completing an online version of IS-200 you must complete the IS-200.b version. A link to that course will be posted on the <a href="http://www.AZSF.gov">www.AZSF.gov</a> website on the Firefighter Training Page or you can go to: <a href="http://training.fema.gov/EMIWeb/IS/courseOverview.aspx?code=is-200.b">http://training.fema.gov/EMIWeb/IS/courseOverview.aspx?code=is-200.b</a></li> </ul> </li> </ul>

ITEM #2	File Reviews
---------	--------------

<b>REQUESTS/ CONCLUSIONS</b>	<ul style="list-style-type: none"> <li>• <b><u>BABNEW, Les – Tubac FD:</u></b> Completed RESL taskbook – Approved via email review 11/26/13.</li> <li>• <b><u>BARR, Ariel – Sun Lakes FD:</u></b> Completed ENGB taskbook – Approved.</li> <li>• <b><u>BARR, Jesse – Northwest FD:</u></b> Completed HEQB taskbook – Not Approved until current fire experience logs have been submitted. Does not need to return to committee; training specialist will review and approve the experience logs.</li> <li>• <b><u>BLAKE, Dwayne – Oatman FD:</u></b> Initiate ENGB(t) taskbook – Not Approved. The Committee understands Mr. Blake no longer retains his full training and experience records. The Committee is requesting that he obtain signed letters from previous employers or supervisors with specific information including his name, date and location of training/experience, name of trainer/evaluator to verify his training, experience and qualifications. In addition they are requesting fire experience logs that include a list of wildland fire assignments, the job performed on the assignment, operational periods, and estimated dates on the assignment. These experience records should also include complete information on the form for the work he has done within district.</li> <li>• <b><u>BRAMBLE, Dan – Payson FD:</u></b> Completed ICT4 taskbook – Not Approved. Missing documentation showing his ICT4 trainee assignments. The Committee will review again after fire experience logs documenting fireline hours as an ICT4(t) has been submitted.</li> <li>• <b><u>BREHL, Mark – Flagstaff FD:</u></b> Initiate ICT4(t) taskbook – Not Approved. Missing documentation showing the required Single Resource Boss fireline hours. The Committee will review again after fire experience logs documenting wildland fireline hours as a Single Resource Boss has been submitted.</li> <li>• <b><u>CARLOTT, Chris – Glendale FD:</u></b> Initiate ENGB(t) taskbook – Not Approved. While Chris has his training certificates and FFT1 taskbook from his previous employer, he is missing fire experience logs. The Committee is requesting that Chris obtain a signed letter from his previous employer or supervisors (perhaps Andy Mandell or Gary Daniels) with specific information including his name, date and location of his experience in lieu of the missing fire experience logs. The Committee will review his request again after the letter has been submitted.</li> <li>• <b><u>CARR, Cooper – Sedona FD:</u></b> Initiate ENGB(t) taskbook – Not Approved. While his records have been entered locally, the documentation needs to be submitted. In addition, Cooper is missing an entry/ documentation for completing S-131 (Advanced Firefighter Training). The Committee will review again after documentation has been received; to include Training Certificate or Roster for Completing S-131.</li> <li>• <b><u>COCHRANE, Dave – Sedona FD:</u></b> Initiate SITL(t) taskbook - Not Approved until current fire experience logs have been submitted. Does not need to return to committee; training specialist will review and approve the experience logs. The committee strongly recommends that Dave complete Firing Operations (S-219 or Ignitions Operations S-234) to support his overall development and knowledge of skills before requesting the SITL qualification.</li> <li>• <b><u>DAVIDSON, Glenn – Chino Valley FD:</u></b> Initiate ENGB(t) taskbook – Not Approved. Glenn’s file is missing his Basic Wildland Firefighter Training Certificates (S-130/190, I-100, L-180) and S-133 (Look Up, Look Down, Look Around). His FFT1 taskbook is missing a third evaluator and his fire experience logs need to document his type 4 &amp; 5 wildland experience. The Committee will review again after the documentation has been received.</li> <li>• <b><u>DOUGAN, Chad – Prescott FD:</u></b> Initiate ENGB(t) taskbook - Not Approved until Training Certificate for S-131 and has been submitted. Does not need to return to committee; training specialist will review and approve the S-131 certificate. The committee strongly recommends that Chad complete Firing Operations (S-219 or Ignitions Operations S-234) and Interagency Incident Business Management (S-260) to support his overall development and knowledge of skills before requesting the ENGB qualification.</li> <li>• <b><u>DUARTE, Frank – Pima County:</u></b> Completed LOFR taskbook – Approved.</li> <li>• <b><u>ENTEMAN, Mark – Black Canyon City FD:</u></b> Initiate ENGB(t) taskbook – Not Approved. Mark is missing a Type 4 or Type 5 wildland assignment. The Committee will review again after Mark has completed the required experience to initiate an ENGB(t) taskbook.</li> <li>• <b><u>ERNSBERGER, Aaron – Phoenix FD:</u></b> <b>1</b> Initiate FACL(t) taskbook – Not Approved. Aarons file is missing his Training Certificates for the required training for BCMG (ICS-100, ICS-200, &amp; IS-700). In addition, he has not submitted a fire experience log. <b>2</b> Initiate LOFR(t) taskbook – Not Approved. Documentation for Basic Wildland Firefighter (S-130/190, I-100, L-180) is missing from his file. The Committee will review again after Aaron has completed the required training and experience to initiate both the FACL(t) and LOFR(t) taskbooks.</li> <li>• <b><u>FOERSTNER, Eric – Buckskin FD:</u></b> Initiate ENGB(t) taskbook - Not Approved until Training Certificate for IS-700 has been submitted. Does not need to return to committee; training specialist will review and approve the IS-700 certificate. The committee strongly recommends that Eric complete Interagency Incident Business Management (S-260) to support his overall development and knowledge of skills before requesting the ENGB qualification.</li> <li>• <b><u>GLEASON, LAWRENCE – Phoenix FD:</u></b></li> <li>• <b><u>GRAINGER, Tony – Tri City FD:</u></b> Completed ENGB taskbook – Approved.</li> <li>• <b><u>HARMS, Todd – Phoenix FD:</u></b> Initiate LOFR(t) taskbook - Not Approved until Training Certificate for Basic Wildland Firefightin (S-130 /190, I-100, L-180) has been submitted. Todd can complete BWFF/S-130/190 online with his field day being completed at the annual CAWRT Drill or he can complete the full S-130/190 classroom course. Todd does not need to return to committee; training specialist will review and approve the Training Certificate.</li> <li>• <b><u>HOUSE, Eric – Avra Valley FD:</u></b> Initiate ENGB(t) taskbook – Not Approved until Training Certificate for S-133</li> </ul>

## ITEM #1 Discussion Items

- **Chain Saw Program Update:**

- \* It is likely that the October 2014 version of the 310-1 (NIMS Wildland Fire Qualification System Guide) will include Faller Qualifications. If this happens, it is expected that people who are currently holding Faller A qualifications that have been approved by their Fire Chief and those who have Faller B or C Qualifications that have been approved by the Committee will be given historical recognition (grandfathered) as part of the transition.
- \* The State of Arizona and the Qualification Review Committee has been in the process of implementing a Chain Saw Program and we are aware that people are in a variety of stages in the process of obtaining and maintaining Faller Qualifications. If you have already turned in documentation that has not yet been reviewed or approved by the committee we will be addressing this over the summer months or during the next committee meeting in September.
 

**NOTE:** If you have documentation that you have not turned in for FALB or FALC you must submit your documentation right away to your District Representative (and, at this point, submit it to Susan Burger as well) to be considered for these qualifications. Susan will be working closely with Bruce Banke and the Chain Saw sub-committee this summer to ensure that all people who have submitted appropriate documentation for FALB and FALC qualifications are reviewed and approved by the qualification committee (or not) as soon as possible or at the next committee meeting in September (before the revised 310-1 is posted).
- \* If you have already been approved by the committee as a FALB or FALC you must submit experience on your fire experience log to maintain your qualification currency. The Faller positions are current for 3 years since the last assignment. If you were approved by the committee but the position is not on your red card do not ignore it; submit experience to update your quals!
- \* Many of you may have noticed that your FALA qualification was not included on your 2014 red card. This is almost exclusively due to a lack of FALA experience being included on your fire experience log since you completed your certification for FALA. The training specialist (Susan Burger), chain saw sub-committee chair (Bruce Banke) and the AZ State FMO (David Geyer) had a meeting to discuss this situation. Given the number of people who have "lost" their FALA qualification, it seems to us that it has not been made clear what is needed to maintain FALA qualification in IQS. At this point, there are 3 options to bring your FALA current and have it put back on your card.
  1. Submit fire experience logs to document the work you have done in the FALA position. Use the same fire experience log that is used for your other assignment history. Enter the FALA work on a separate line. This would result in having 2 lines for that one incident. One line, for example, would indicate the ENGB position and the next line would indicate FALA position. You should show the total hotline and non-hotline hours, in this example, in the ENGB position. If you select this option keep in mind that the FALA position has a 3 year currency cycle. So...if you completed your FALA certification in 2003, **at a minimum** you would need to show FALA work before the expiration date in 2006, 2009 and 2012.
  2. You can submit a training certificate for S-212 that was completed after Nov 1, 2011.
  3. The Fire Chief or Wildland Training Coordinator for can submit a letter to the training specialist (Susan) stating who is currently qualified as a FALA for their District/Department. The FALA qualification will then be entered in IQS. The expiration date will be 3 years from the date on the letter from the Chief or Wildland Coordinator.
- \* **The Arizona State Forestry Faller Taskbooks have been re-posted to the AZSF website on the Fire Professionals>Firefighter Training page.**

- **Discussion/Revisions (Clarifications) to Committee By-Laws or the SOG 804:**

- \* **Technical Specialist Positions:** The committee discussed the use of the Federal Wildland Fire Qualification Supplement to the 310-1. This supplement includes common federally used technical specialist positions. The committee decided to include most of the positions for our use. The positions that we will using will be listed in the SOG 804 when it is revised following this meeting. The supplement includes agency specific requirements for each qualification and our committee decided to operate with the agency specific requirements of the USFS for these positions.

ITEM #2	<b>File Reviews</b>
---------	---------------------

REQUESTS/ CONCLUSIONS	<ul style="list-style-type: none"> <li>• <b>ADER, Chris – Three Points FD:</b> Completed ICT4 – Did not have taskbook during the meeting. Will review at next meeting after taskbook has been submitted.</li> <li>• <b>ASHCRAFT, Chad – Pinetop FD:</b> Initiate ENGB(t) taskbook – Approved.</li> <li>• <b>BARBER, Will – Three Points FD:</b> Initiate ENGB(t) taskbook – Approved. The committee strongly recommends that Will complete S-219 (Firing Operations) and S-260 (Interagency Incident Business Management) to support his overall development and knowledge of skills before requesting the ENGB qualification.</li> <li>• <b>BAUGUS, Brandy – Rincon Valley FD:</b> Completed FALB taskbook - Approved.</li> <li>• <b>BELL, Troy – Heber Overgaard FD:</b> FALB Qualification – Approved.</li> <li>• <b>BOWERS, Jordan – Yuma FD:</b> Initiate ENGB(t) taskbook – Not Approved. The following documentation is missing from Jordan's file to meet the criteria outlined in Policy 804: Documentation for S-130/190 &amp; S-131, Fire Experience log to show assignments he has taken since 2006 &amp; Documentation showing fire experience in the Timber fuel type. The committee will review Jordan's file again after he has submitted the missing documentation.</li> <li>• <b>BRAMBLE, Wyatt – Payson FD:</b> Wyatt's file was reviewed as a Transfer File during the 2/6/13 committee meeting. He came from AZ-TNF with taskbook and IQCS master record showing him as a qualified CRWB &amp; ENGB in 2006. While there are several ENGB(t) assignments leading up to his qualification, there is no record of him completing an assignment as a qualified ENGB or CRWB. All of his qualifications were expired as of 2011. At the February meeting the committee asked that Wyatt either submit fire experience records to bring him up to date or he could complete an assignment as a trainee on a Type 3 or larger incident and submit a taskbook evaluation indicating "fully successful". Wyatt submitted a taskbook evaluation from the Bicycle Fire in Rye, Az on June 30<sup>th</sup>. The information the committee could find on this fire indicates that it was a 2 acre fire that started in a bicycle shop. While the fire did have an element of complexity (burned 4 mobile homes and evacuated 20 people) it was not a Type 3 or larger wildland incident. Since the qualifications of ENGB &amp; CRWB are Wildland qualifications the committee is not accepting this incident as his currency assignment. The committee will review the request again after Wyatt completes the original request from the committee.</li> <li>• <b>BROTZMAN, Adam – Scottsdale FD:</b> Initiate ENGB(t) – Not Approved Until current experience logs are submitted and they include fuel types &amp; Submits IS-700. Will not need to return to committee for review. The training specialist will review and approved needed documents. The committee strongly recommends that Adam complete S-260 (Interagency Incident Business Management) to support his overall development and knowledge of skills before requesting the ENGB qualification.</li> <li>• <b>BROWN, Eric – Flagstaff FD:</b> Initiate DIVS(t) taskbook – Approved.</li> <li>• <b>BROWN, Katie – Flagstaff FD:</b> Completed ENGB taskbook – Approved.</li> <li>• <b>BUCKLIN, Lucy - Lakeside FD:</b> Completed TIME taskbook – Not Approved until submits training certificate for I-300. Does not need to return to committee; training specialist will review and approve the I-300 training certificate.</li> <li>• <b>BURNER, Will – Glendale FD:</b> Initiate LOFR(t) taskbook – Not Approved until Training Certificate for Basic Wildland Firefighter ( S-130/190, L-180, I-100) has been submitted.</li> <li>• <b>CARLOTT, Chris – Glendale FD:</b> Initiate ENGB(t) taskbook – Approved. The committee strongly recommends that Chris complete S-219 (Firing Operations) and S-260 (Interagency Incident Business Management) to support his overall development and knowledge of skills before requesting the ENGB qualification.</li> <li>• <b>CARR, Cooper – Sedona FD:</b> Initiate ENGB(t) taskbook – Not Approved until all training and experience has been submitted. The data has been entered into IQS locally but no documentation has been uploaded or submitted. In addition, a training certificate for Advanced Firefighter Training (S-131) has not been entered. Provided his actual documentation meets the minimum requirements Cooper does not need to return to</li> </ul>

committee; training specialist will review and approve the missing documentation. The committee strongly recommends that Cooper complete S-219 (Firing Operations) and S-260 (Interagency Incident Business Management) to support his overall development and knowledge of skills before requesting ENGB qualification.

- **CHAVEZ, Christian – Az. State Forestry (Flagstaff):** Initiate CRWB(t) taskbook - Not Approved. Christian needs to submit Training Certificate for S-133 (Look Up, Look Down, Look Around). In addition he has not completed a sufficient number of hours as FFT1 (assuming he has completed S-133) to meet the requirement outlined in Policy 804. He submitted 20 hours and needs to have 60 (30 Hotline). He also needs to demonstrate that he has worked at least two type 1, 2, or 3 incidents and on a Grass/Brush fire, a Timber fire and WUI. The Committee will review his file again when the requirements in Policy 804 have been met.
- **CLARK, Jeff – Queen Creek FD:** Initiate COML(t) taskbook – Not Approved. Jeff is not yet qualified as INCM which is required experience per the 310-1. The Committee will review again after Jeff completes the requirements for INCM qualification. If Jeff completes his INCM qualification during the upcoming fire season the committee recommends that he make a request of the Phoenix District Forester to obtain interim approval to initiate his COML(t) at that time rather than wait until after the season when the committee will meet again.
- **COLE, Brian – Central Yavapai FD:** Completed STEN taskbook - Not Approved until he completes the required number of assignments as a STEN(t). Policy 804 requirements outline 3 evaluators from 3 separate incidents are required for completing STEN qualification. Brian has multiple evaluations from a variety of evaluators but all from 2 incidents. After Brian completes a third assignment the training specialist can review and approve his qualification....Training Certificate for IS-700 & IS-800 also must be submitted before the training specialist can approve this qualification.
- **COOLEY, Tom – Prescott FD:** Completed TFLD taskbook – Approved.
- **CORRIE, Doug – Peoria FD:** Completed ENGB taskbook – Approved. The committee strongly recommends that Doug complete S-219 (Firing Operations) to support his overall development and knowledge of skills.
- **CRAVEN, Jason – Claysprings Pinedale FD:** Initiate ENGB(t) taskbook – Not Approved. Jason has not submitted fire experience logs that indicate he has met the requirement outlined in Policy 804. The logs he submitted have incomplete information and are difficult to read. In addition, his logs do not show the required assignments since becoming a qualified FFT1. The committee will review this request again after Jason completes/documents the required experience.
- **CRODDY, Kris – Golder Ranch FD:** Initiate SOFR(t) taskbook – Approved
- **CULBERTSON, Cory – Groom Creek FD:** Initiate ENGB(t) taskbook – Approved.
- **DeI GIORGIO, Mark – FD:** Initiate FACL(t) taskbook – Approved.
- **DICK, Jeff – Glendale FD:** 1. Initiate LOFR(t) taskbook - Not Approved until the training certificates that have been entered into IQS locally are submitted to the training specialist. 2. Initiate MEDL(t) taskbook – Not Approved until the training certificates that have been entered into IQS locally are submitted to the training specialist. This request does not need to return to the committee for additional review. The training specialist will review and approve documentation.
- **DOBBS, Dave – Flagstaff FD:** Initiate PSC1(t) taskbook – Approved.
- **DODDS, Kevin – Phoenix FD:** Initiate GSUL(t) taskbook – Approved.
- **DURBY, Tim –Phoenix FD:** Completed FDUL taskbook – Approved.
- **EADS, Josh – Maricopa FD:** Completed ENGB taskbook – Approved.
- **ELLIOTT, Phillip –Az. State Forestry (Tuscon):** Qualified as TFLD – Not Approved until the Agency Certification has been signed and submitted. There is a new pathway included in the 310-1 allowing TFLD to be obtained by demonstrating satisfactory performance in any two Strike Team Leader positions. Phillip has been STEN and STCR qualified since 1998. Does not need to return to committee; training specialist will review and approve Agency Certification.
- **ENO, Phillip – Phoenix FD:** Initiate LOFR(t) taskbook – Not Approved until a training certificate for IS-700 have been submitted. This request will not need to be reviewed again by the committee. The training specialist will review and approve the training certificates.
- **ESQUIBEL, Tyson – Peoria FD:** Completed TFLD taskbook – Approved.
- **FOSTER, Todd – Tempe FD:** Initiate ICT3(t) taskbook – Approved.
- **FOX, Joe – Tubac FD:** Initiate STEN(t) taskbook – Approved.
- **GALLIGAN, Nade – Daisy Mountain FD:** Completed ENGB taskbook – Approved. The committee strongly recommends that Nade complete S-219 (Firing Operations) to support his overall development and knowledge of skills.
- **GLEASON, Lawrence (Chip) – Phoenix FD:** Initiate LOFR(t) taskbook – Not Approved until a training certificate for IS-700 and documentation that he completed the field day portion of his online 130/190 course has been submitted. This request does not need to be reviewed again by the committee. The training specialist will review and approve the missing documentation.
- **GOLDBERG, Marc – Flagstaff FD:** Initiate RESL(t) taskbook – Approved. Initiate ICT4(t) taskbook – Not Approved until he submits fire experience records that document he has worked in all management types/fuel types that are required per Policy 804. This request does not need to be reviewed again by the committee. The training specialist will review and approved this documentation.
- **GOVREAU, Ron – Canyon FD:** File Review – Ron does not have historical documentation to support his stated qualifications. The Committee is requesting that he obtain acceptable documentation (letters from supervisors for qualifications and experience, class rosters or letters from instructors, etc...) to build his training file. The committee will review again after Ron has completed this.
- **HERNANDEZ, Joe – Groom Creek FD:** Initiate ICT4(t) taskbook – Approved.
- **HILTON, Jon – Camp Verde FD:** Initiate STEN(t) taskbook – Approved. Initiate ICT4(t) taskbook – Not Approved. Policy 804 requires experience on at least one Type 1 or 2 incident as a qualified single resource boss. Jon does not have a Type 1 or 2 assignment included in his fire experience records. After Jon completes this portion of the requirement as a qualified single resource boss he can return to the committee for review.
- **HOOD, Ron – Golden Valley FD:** Completed ENGB taskbook – Not Approved until he submits taskbook

- evaluations for the trainee assignment he completed on the large incidents he is showing on his fire experience log (Whitewater Baldy, Dean Peak). This request does not need to be reviewed by the committee. The training specialist will review and approve the missing evaluations. The committee strongly recommends that Ron complete S-219 (Firing Operations) to support his overall development and knowledge of skills.
- **HUNT, Jeff – Beaverdam Littlefield FD:** Qualification for FALB – Not Approved until currency documentation for FALA has been submitted. This request does not need to be reviewed again by the committee. The training specialist will review and approved the documentation.
  - **ISAKSON, Ike – Patagonia FD:** Initiate STEN(t) taskbook – Approved.
  - **JACKSON, Damon – Beaverdam Littlefield FD:** Initiate ENGB(t) taskbook – Not Approved until the Agency Certification page is signed in his FFT1 taskbook and his fire experience logs are signed for by the Chief. This request does not need to return to the committee for additional review. The training specialist will review and approve this documentation. The committee strongly recommends that Damon complete S-219 (Firing Operations) and S-260 (Interagency Incident Business Management) to support his overall development and knowledge of skills before requesting the ENGB qualification.
  - **JOHNSON, David – Chino Valley FD:** Completed ENGB taskbook – Approved.
  - **JOHNSTONE, Brennan – Groom Creek FD:** Initiate MEDL(t) taskbook – Not Approved until the documentation for the data that has been entered locally has been submitted. This request does not need to be reviewed again by the committee. The training specialist will review and approve the documentation.
  - **KEEGAN, Robert – Walker FD:** Initiate MEDL(t) taskbook – Approved.
  - **KOHL, Lance – Highlands FD:** Initiate Single Resource Boss(t) taskbook – Approved. The committee strongly recommends that Lance complete S-260 (Interagency Incident Business Management) to support his overall development and knowledge of skills before requesting a Single Resource Boss Qualification.
  - **LITCHFIELD, Ron – Central Yavapai FD:** Initiate ENGB(t) taskbook – Not Approved until submits training certificate for IS-700. Does not need to return to committee; training specialist will review and approve the IS-700 training certificate. The committee strongly recommends that Ron complete S-219 (Firing Operations) to support his overall development and knowledge of skills before requesting ENGB qualification.
  - **LOFGREN, Skyler – Flagstaff FD:** 1. Completed CRWB taskbook – Approved. 2. Initiate FOBS(t) taskbook – Approved.
  - **LUTRICK, Troy - Glendale FD:** File Review – ENGB Qualification - Not Approved as ENGB. Approved as ENGB(t) when previous experience for FFT2, FFT1 and ENGB has been submitted. Once approved as ENGB(t) Troy can complete a currency assignment (documented with a fully successful taskbook evaluation). The committee will consider this request again after currency assignment is complete.
  - **MALONE, Shari – Flagstaff FD:** Initiate PIO2(t) taskbook – Not Approved. Shari does not meet the required experience criteria outlined in the 310-1 to initiate a PIO2(t) taskbook. This request will be reviewed again after Shari meets the experience requirement.
  - **MANZANEDO, Ernesto – Groom Creek FD:** Initiate RESL(t) taskbook - Approved.
  - **MATTHEWS, Bob – Tempe FD:** Initiate STEN(t) taskbook - Not Approved until the documentation that was entered locally has been submitted. This request does not need to return to the committee. The training specialist will review and approve the documentation.
  - **MCCABE, Marvin – Bullhead City FD:** Initiate STEN(t) taskbook – Not Approved. Marvin's fire experience was submitted on outdated fire experience logs resulting in the committee not having the needed information to review this request. The committee will review after the necessary information has been submitted.
  - **MCDONALD, Mike – Mohave Valley FD:** Completed ENGB taskbook - Not Approved until Training Certificate for S-230 has been submitted. Does not need to return to committee; training specialist will review and approve the Training Certificate. The committee strongly recommends that Mike complete S-260 (Interagency Incident Business Management) to support his overall development and knowledge of skills.
  - **McKAY, KEVIN – Patagonia FD:** Initiate ICT4(t) taskbook - Not Approved. Kevin has not submitted documentation that shows he has completed the assignments/fireline hours as outlined in Policy 804 to open an ICT4 taskbook. The committee will review this request again after additional experience has been completed.
  - **MILLS, Chuck – Tubac FD:** Initiate ENGB(t) taskbook – Not Approved. Chuck was signed off as a qualified FFT1 recently and has not completed the FFT1 fireline hours required in Policy 804 prior to opening an ENGB taskbook.
  - **MORRIS, Billy – Peoria FD:** Initiate SOFR(t) taskbook – Approved.
  - **MORSE, Colin – Wickenburg FD:** Initiate ENGB(t) taskbook – Approved.
  - **MORSE, William - Flagstaff FD:** Initiate PIO2(t) taskbook – Not approved until training certificate for S-190, S-130 and L-180 has been submitted. This request does not need to return to the committee for additional review. The training specialist will review and approved the documentation.
  - **NATHENSON, Stephen – Walker FD:** Initiate MEDL(t) taskbook – Not Approved until training certificates for I-100, IS-700, and BWFF have been submitted. This request does not need to return to the committee for review. The training specialist will review and approved the missing documentation.
  - **OLTROGGE, Paul – Flagstaff FD:** 1. Initiate STEQ(t) taskbook – Approved. 2. Initiate ICT4(t) taskbook – Approved.
  - **PHILLIPS, Scott – Glendale FD:** Completed MEDL taskbook – Not Approved until a training certificate for ICS-200 has been submitted. Does not need to return to committee; training specialist will review and approve the missing documentation.
  - **PITASSI, Brad – Maricopa FD:** Completed PIO2 taskbook – Approved.
  - **PURINTON, Jeff – Heber Overgaard FD:** Qualified as FALB – Approved.
  - **REED, Jeremy – Peoria FD:** Initiate ENGB(t) taskbook – Approved. The committee strongly recommends that Jeremy complete S-219 (Firing Operations) to support his overall development and knowledge of skills before requesting the ENGB qualification.
  - **REICHLING, Mike – Pine Strawberry FD:** Completed PIO2 taskbook – Approved.
  - **RIVERA, Arnoldo – Goodyear FD:** Initiate ENGB(t) taskbook - Approved. The committee strongly

recommends that Arnaldo complete S-219 (Firing Operations) to support his overall development and knowledge of skills before requesting the ENGB qualification.

- **ROMERO, Chris - Flagstaff FD:** 1. Initiate FOBS(t) taskbook – Approved. 2. Initiate COML(t) taskbook – Not Approved. Chris is not qualified as an INCM (Incident Communications Center Manager). The INCM position listed as required pre-requisite experience per the 310-1. The committee will review this request again after all the pre-requisites are met.
- **ROVA, Marc – Pinetop FD:** Completed ENGB taskbook – Not Approved until submits training certificate for I-200 (Basic ICS). Does not need to return to committee; training specialist will review and approved the I-200 training certificate.
- **ROZNOVAK, Joseph – Az Dept Corrections (Flag):** Initiate CRWB(t) taskbook – Not Approved until training certificates for S-130/190, L-180 and I-100 have been submitted. Does not need to return to committee; the training specialist will review and approved the training certificates. The committee strongly recommends that Joseph complete S-219 (Firing Operations) to support his overall development and knowledge of skills before requesting CRWB qualification.
- **SAVAGE, Mark – Fry FD:** Initiate ICT4(t) taskbook – Not Approved. Policy 804 requires, at a minimum, one Type 1 or 2 assignment, one Type 3 assignment and one Type 4 or 5 assignment as a Single Resource Boss prior to initiating an ICT4 taskbook. Mark's fire experience logs do not show he has completed the minimum required experience. The committee will consider this request again after the minimum experience is obtained.
- **SIMMONS, John – Phoenix FD:** Completed FACL taskbook – Not Approved until the final evaluation of his FACL taskbook has been submitted. Does not need to return to the committee for additional review; the training specialist will review and approve the documentation.
- **SPOHN, Jeff – Groom Creek FD:** 1. Completed PIO2 taskbook – Approved. 2. Initiate LOFR(t) taskbook – Approved.
- **SPRAVZOFF, Shane - Flagstaff FD:** Initiate ICT4(t) taskbook – Not Approved until exp logs are submitted to satisfy the requirements as outlined in Policy 804. Does not need to return to committee for additional review; the training specialist will review and approve the missing documentation.
- **STARR, Michael – Sunsites Pearce FD:** Initiate ENGB(t) taskbook – Approved. The committee strongly recommends that Michael complete S-260 (Interagency Incident Business Management) to support his overall development and knowledge of skills prior to requesting ENGB qualification.
- **STEPHNS, Dane – Heber Overgaard FD:** Qualified as FALB – Approved.
- **VILT, David – Queen Creek FD:** Initiate ENGB(t) taskbook – Not Approved. The fire experience logs that were submitted do not include any assignments as a qualified FFT1. For reference David should review Policy 804 as it outlines the assignments that are required as a qualified FFT1 prior to opening an ENGB taskbook. In addition, training certificates for ICS-100, and IS-700 must be submitted. The committee will review this request again after all required documentation has been submitted.
- **WALKER, Larry – Maricopa FD:** Completed ENGB taskbook – Not Approved.
- **WARD, Wade – Prescott FD:** 1. Completed PIO2 taskbook – Not Approved until submits training certificates for IS-800, I-300, I-400. 2. Initiate PIO1(t) taskbook – Not Approved. Per the Az State Policy 804 Wade needs to complete a Type 2 Wildland assignment with a Type 2 Team on a Type 2 Incident prior to being eligible to have PIO1 taskbook initiated. If Ward completes this assignment during the summer it is recommended that he make a request of the Phoenix District Forester for interim approval to initiate PIO1(t) taskbook.
- **WILLIAMS, Lewis – Buckeye FD:** Initiate MEDL(t) taskbook – Approved.
- **WILSON, Kevin – Flagstaff FD:** Initiate PIO2(t) taskbook – Approved.
- **WOOD, Clay – Showlow FD:** Initiate LOFR(t) taskbook – Not Approved until training certificate for I-100 & IS-700 have been submitted. Does not need to return to committee for additional review; the training specialist will review and approve the missing documentation. The committee recommends that Clay complete S-420 (Command and General Staff) prior to requesting LOFR qualification.
- **WRIGHT, Toby –** Review ENGB qualification regarding safety concerns brought before the committee – ENGB qualification Decertified. Toby will be listed as FFT1. When/If he wishes to pursue ENGB(t) status he will need to make a request of the Committee.

## ITEM #1 Discussion Items

- **Chain Saw Information:**

- \* The October 2014 version of the 310-1 (NIMS Wildland Fire Qualification System Guide) includes Faller Qualifications. Arizona State Forestry and all those who have contracts/agreements with Arizona State Forestry will follow the Faller guidelines listed in the 310-1. Faller A, B, & C have been replaced with Faller 3, 2, & 1 respectively. Those who currently have Faller A qualifications that have been approved by their Fire Chief and those who have Faller B or C Qualifications that have been approved by the Committee will be given historical recognition (grandfathered) as part of the transition. Click link to review the NWCG Faller Transition Plan: [http://www.nwcg.gov/pms/docs/transiion\\_plan\\_fal3\\_fal2\\_fal1.pdf](http://www.nwcg.gov/pms/docs/transiion_plan_fal3_fal2_fal1.pdf) )
- \* Arizona State Forestry and all those who have contracts/agreements with Arizona State Forestry will be using the new NWCG Faller taskbook. The new Faller taskbook is a shared taskbook (Faller 3, 2, 1 are included in 1 taskbook) and has been posted to the NWCG website: (<http://www.nwcg.gov/pms/taskbook/operations/pms-311-91.pdf> ). As indicated in the transition plan...if you have already started working in a FALC, FALB, or FALA taskbook you can continue with that taskbook until you are complete. Any new taskbooks being issued from this point forward will be using the new faller taskbook.
- \* **REMINDER:** Faller qualifications expire 3 years from the date of your last faller assignment. If you have been approved by your Fire Chief as a FALA or by the committee for FALB or FALC you must document your experience on your fire experience log and, if you get your red card from Arizona State Forestry, submit it to Susan Burger for entry into IQS (If your red card is issued by your District or Department submit your records to the appropriate person within your District or Department). This will prevent the qualification from expiring. If you were approved by the committee but the position is not on your red card **do not ignore it;** submit an updated experience log to update your qualification.
- \* The State of Arizona and the Qualification Review Committee was in the process of implementing a Chain Saw Program and we are aware that people are in a variety of stages in the process of obtaining and maintaining Faller Qualifications. If you have already turned in documentation that has not yet been reviewed or approved by the committee please follow up with the Chain Saw Sub-Committee representative for your area (Will Brewer for Phoenix District, Bruce Banke for Flagstaff District, Jim EtsHokin for Tucson District)  
**NOTE:** If you have documentation that you have not turned in for FALB or FALC please submit your documentation to your District Representative (and also to Susan Burger) to be considered for these qualifications.
- \* Many of you may have noticed that your FALA qualification was not included on your 2014 red card. This is almost exclusively due to a lack of FALA experience being included on your fire experience log since you completed your training/certification for FALA. The training specialist (Susan Burger), chain saw sub-committee chair (Bruce Banke) and the AZ State FMO (David Geyer) had a meeting to discuss moving forward. Given the number of people whose FALA qualification has expired, it occurs to us that it has not been made clear what is needed to maintain FALA qualification in IQS. At this point, there are 3 options to bring your FALA current and have it put back on your card.
  1. Submit fire experience logs to document the work you have done in the FALA position. Use the same fire experience log that is used for your other assignment history. Enter the FALA work on a separate line. This would result in having 2 lines for that one incident. One line would indicate the ENGB position, for example, and the next line would indicate FAL3 position. You should show the total hotline and non-hotline hours, in this example, in the ENGB position. If you select this option keep in mind that the FALA position has a 3 year currency cycle. So...if you completed your FALA certification in 2003, **at a minimum** you would need to show FALA work before the expiration date in 2006, 2009 and 2012.
  2. You can submit a training certificate for S-212 that was completed within the last 3 years.

3. The Fire Chief or Wildland Training Coordinator for the Fire District or Fire Department can submit a signed letter to the training specialist (Susan Burger) stating who is currently qualified as a FALA for their District/Department. The FALA qualification will then be entered in IQS. The expiration date will be 3 years from the date on the letter from the Chief or Wildland Coordinator.

• **Discussion/Revisions (Clarifications) to Committee By-Laws or the SOG 804:**

- \* The IQSweb program has a list of courses that are equivalent to each other. For example, the Wildland Course I-100 is equivalent to the All Hazard courses IS-100 and Q-462. There was an entry in Arizona State Forestry's IQS equivalency list that showed S-290 (Intermediate Wildland Fire Behavior) as an equivalent for S-133 (Look Up, Look Down, Look Around). In other words, if someone has completed S-290 then they do not need to complete S-133. The legitimacy of that equivalency was recently questioned. I contacted the IQSweb team. They replied that S-290 is not on their list as an equivalent for S-133 and that the entry in Arizona's IQS must have been entered manually at some point. I asked the Wildland Committee if anyone recalls ever going through the process to have S-290 recognized by the State as an equivalent course for S-133. No Committee Member could recall ever completing that process. After speaking with the State FMO (David Geyer), he stated that we will not require anyone who has already been approved by the Committee (using the erroneous course equivalency for S-133) to go back and complete it but we will no longer accept S-290 as an equivalent course for S-133.

- **FARRELL, Paul – Oracle FD:** - Initiate ENGB(t) taskbook –Not Approved. Mr. Farrell has not met the requirements outlined in the “Minimum Experience Requirements for Red Card Certification (Policy 25)” to initiate an ENGB taskbook. While Paul has completed the required 60 Fireline hours (30 Hotline), he has not completed 2 assignment on a Type 1, 2, or 3 incident. He shows one Type 3 assignment for 2 operational periods. It is also not clear in his fire experience logs that he has worked at least 1 urban interface incident as a qualified FFT1. The Committee will review again after the minimum requirements have been submitted.
- **FERREL, Dennis – Fry FD:** Completed ENGB qualification requirements – Approved.
- **FISCHENICH, Max – Summit FD:** - Completed FAL2 qualification requirements – Approved.
- **FOREMAN, August – Highlands FD:** Completed CRWB qualification requirements – Approved. Completed FAL2 qualification requirements - Approved.
- **GARCIA, Scott - AZ State Forestry (Tucson District):** Initiate ICT3(t) taskbook – Not Approved until training certificates for IS-700, IS-800 and I-300 have been submitted. This file does not need to be reviewed again by the committee to initiate the ICT3(t) taskbook. The training specialist will review and approve the required documentation.
- **GIRON, TJ – Northwest FD:** Initiate LSC1(t) taskbook – Approved. Bea Days Team (that TJ is on) was on assignment in Oregon, working with a NIMO team. The NIMO Team began taskbooks for all of Bea’s Command & General Staff members. The Committee will accept the entries in TJ’s taskbook that were signed off during that assignment.
- **HERNANDEZ, Joe – Groom Creek FD:** Completed HEQB qualification requirements – Approved.
- **HOLM, Shaun – Corona de Tucson FD:** Completed ENGB qualification requirements – Approved.
- **HOWELL, Chris – Tri City FD:** Initiate ENGB(t) taskbook – Approved. Requested that the committee allow an ENGB(t) assignment from the summer – Approved.
- **JACKSON, Brian – Sonoita FD:** Completed ENGB qualification requirements – Approved. The committee strongly recommends that Brian complete S-260 (Interagency Incident Business Management) to support his overall development and knowledge of skills.
- **JOHNSON, Josh – Black Canyon FD:** **1.** Completed STEN qualification requirements – Not Approved Until Training Certificate for I-300 has been submitted. This file does not need to be reviewed again by the committee for STEN qualification. The training specialist will review and approve the training certificate. **2.** Initiate FOBS(t) taskbook – Approved.
- **KOHL, Lance – Highlands FD:** Completed FAL2 qualification requirements - Approved.
- **LINGLEY, PJ – Sedona FD:** Completed TFLD qualification requirements – Approved (Kevin Boness Interim Approval 8/6/14)
- **LUTRICK, Troy –Glendale FD:** File Review for PSC3 and to have ENGB and ICT4 positions grandfathered as they were obtained prior to 1995. Request to Initiate SITL. **1.** Qualified PSC3 – Approved; **2.** Qualified ENGB - Approved **3.** Qualified ICT4 – Approved. **4.** Initiate SITL(t) taskbook – Approved.
- **McGRAW, Jerry – White Mountain Lake FD:** Initiate ENGB(t) taskbook – Not Approved. Although it is not stated all indications are that his FFT1 PTB was recreated to provide documentation for his qualification. While this is an acceptable practice that is sometimes used in the case of missing documentation, the committee needs additional information. The dates for his qualified FFT1 experience and the completion of his taskbook are not in sync. The committee needs more information to determine if the requirements to initiate ENGB taskbook have been met. In addition, there is no training certificate for S-133 (Look Up, Look Down, Look Around). A member of the committee will meet with Chief McGraw to clarify the details of his FFT1 taskbook, his work experience, and to support him in submitting the needed documentation. This file will be reviewed again at the next Committee Meeting.
- **McMENEMY, Jeff – Glendale FD:** **1.** Initiate DMOB(t) taskbook – Approved. **2.** Initiate DOCL(t) taskbook – Approved.
- **MENDOZA, Pete – Tubac FD:** Initiate TFLD(t) taskbook – Approved (Gene Beaudoin gave interim approval to Initiate 5/14/14).
- **MONREAL, Bryan – Pinewood FD:** **1.** Completed CRWB qualification requirements – Approved. **2.** Completed FAL1 qualification requirements – Not Approved until FAL1 PTB is submitted. Original was reviewed during the meeting; a copy needs to be submitted.
- **NAVARRO, Oscar – Goodyear FD:** Initiate STEN(t) taskbook – Approved.
- **NIEUHUS, Dave – Vernon FD:** Initiate LOFR(t) taskbook – Not Approved Until all required Training Certificates have been submitted (BWFF). This file does not need to be reviewed again by the committee to Initiate LOFR(t) PTB. The training specialist will review and approve the training certificate/s.
- **ORTIZ, Rocky – Oracle FD:** Completed ENGB qualification requirements – Approved.
- **PALM, Ben – Yarnell FD:** Initiate MEDL(t) taskbook – Not Approved Until copy of EMT card has been submitted. This file does not need to be reviewed again by the committee to initiate MEDL(t) PTB. The training specialist will review and approve the EMT Card.
- **PERRONE, Brian – AZ State Forestry (Phoenix District):** Completed ENGB qualification requirements – Not Approved Until Training Certificate for S-131 & S-133 have been Submitted. Initiate CRWB(t) taskbook – Not Approved Until Training Certificate for S-131 & S-133 have been submitted. This file does not need to be reviewed again by the committee for these requests. The training specialist will review and approve the training certificate/s. The committee strongly recommends that Brian complete S-219 (Firing Operations) to support his overall development and knowledge of skills.
- **PICKETT, Mike – Summit FD:** Initiate ICT4(t) taskbook – Approved.
- **PITASSI, Brad - Maricopa FD:** Initiate PIO1(t) taskbook – Not Approved Until successful task book evaluation or performance rating documenting completion of 1 full assignment with a Type 2 Team on a Type 2 Incident as a qualified PIO2 has been submitted. This request does not need to be reviewed again by the committee. The training specialist will review and approve this documentation.

- **RENOVATO, Mike – AZ Dept of Corrections (Tucson):** Completed CRWB qualification requirements – Not Approved until training certificate for IS-700 and I-200 have been submitted. This file does not need to be reviewed again by the committee for CRWB qualification. The training specialist will review and approve the training certificates. The committee strongly recommends that Mike complete S-260 (Interagency Incident Business Management) to support his overall development and knowledge of skills.
- **ROBINSON, Brian – Northwest FD:** Initiate DIVS(t) taskbook – Not Approved until Fire Experience Logs with TFLD assignments have been submitted. This file does not need to be reviewed again by the committee for regarding the DIVS(t) qualification. The training specialist will review and approve the experience logs.
- **SACHARA, Mark – Ponderosa FD:** Initiate SOF2(t) taskbook – Approved.
- **SHIERY, Mark – Flagstaff FD:** Completed SOF2 qualification requirements – Approved (Kevin Boness gave Interim Approval 6/4/14).
- **SICURELLO, Sean – Mountain Vista FD:** Initiate ENGB(t) taskbook – Approved. Qualified as FAL2 – Not Approved Until Sean turns in documentation showing chainsaw work to maintain his currency as a FAL2. This request does not need to be reviewed again by the committee. The training specialist will review and approve the documentation.
- **STOUT, Jim – Casa Grande FD:** Initiate STEN(t) taskbook – Approved.
- **VAN SLYKE, Zack – Alpine FD:** Initiate ENGB(t) taskbook – Approved. The Committee strongly recommends that Zack complete S-219 (Firing Operations) and S-260 (Interagency Incident Business Management) to support his overall development and knowledge of skills before requesting ENGB qualification.
- **VASQUEZ, Rosalio – AZ State Forestry (Phoenix District):** Completed CRWB qualification requirements – Approved (Jim Downey gave interim approval 5/20/14). The Committee strongly recommends that Rosalio complete S-219 (Firing Operations) and S-260 (Interagency Incident Business Management) to support his overall development and knowledge of skills.
- **VIZCAINO, Lehi – AZ State Forestry (Tucson District):** Completed ENGB qualification requirements - Not Approved until training certificate for IS-700 has been submitted. This request does not need to be reviewed again by the committee. The training specialist will review and approve the training certificate.
- **WALKER, Kurt – Peoria FD:** Initiate ICT4(t) taskbook – Not Approved Until Fire Experience Logs showing fireline hours documenting his Single Resource Boss assignments has been submitted. This request does not need to be reviewed again by the committee to initiate ICT4. The training specialist will review and approve the experience records.
- **WALTER, Jay – Daisy Mountain FD:** 1. Initiate FOBS(t) taskbook – Approved. 2. Initiate SOF2(t) taskbook – Approved. 3. Initiate OSC2(t) taskbook – Approved.
- **WEAVER, Don – Buckeye Valley FD:** Initiate ICT4(t) taskbook – Approved.
- **WELSH, Steve – Wittman FD:** Initiate ENGB(t) taskbook – Not Approved Until documentation of qualified FFT1 hours has been submitted. This request does not need to be reviewed again by the committee to initiate ENGB(t) taskbook. The training specialist will review and approve the experience logs.
- **WILLIAMS, Richard – Avondale FD:** Initiate ENGB(t) taskbook – Not Approved. The Committee needs additional information regarding his training certificates and his experience logs. The Committee will review this request again when the additional documentation has been submitted.
- **WILLIS, Darrell – Prescott FD:** Completed OSC1 qualification requirements - Approved.
- **WINDKLER, Joe – AZ Dept of Corrections (Flagstaff):** File Review for CRWB, ENGB, FIRB, ICT4, STEN(t), TFLD(t) – Not Approved. The Committee has questions about the documentation in his IQCS Master Record. The Committee will review this file again after additional information has been gathered/submitted.
- **WOOD, Clay – Timber Mesa Fire:** Completed STEN qualification requirements – Approved.

**ITEM #1 Discussion Items**

- **Chain Saw Information:**
  - \* The October 2014 release of the 310-1 (NIMS Wildland Fire Qualification System Guide) includes Faller Qualifications. Arizona State Forestry and all those who have contracts/agreements with Arizona State Forestry will follow the Faller guidelines listed in the 310-1. Faller A, B, & C have been replaced with Faller 3, 2, & 1 respectively. Those who currently have Faller A qualifications that have been approved by their Fire Chief and those who have Faller B or C Qualifications that have been approved by the Committee will be given historical recognition (grandfathered) as part of the NWCG transition plan. Click link to review the NWCG Faller Transition Plan: [http://www.nwcg.gov/pms/docs/transiion\\_plan\\_fal3\\_fal2\\_fal1.pdf](http://www.nwcg.gov/pms/docs/transiion_plan_fal3_fal2_fal1.pdf) )
  - \* Arizona State Forestry and all those who have contracts/agreements with Arizona State Forestry will be using the NWCG Faller taskbook. The NWCG Faller taskbook is a shared taskbook (Faller 3, 2, 1 are included in 1 taskbook) and has been posted to the NWCG website: (<http://www.nwcg.gov/pms/taskbook/operations/pms-311-91.pdf> ). As indicated in the transition plan...if you have already started working (i.e. have tasks signed off) in a FALC, FALB, or FALA taskbook you can continue with that taskbook until you are complete. Any new taskbooks being issued will be using the new faller taskbook.
  - \* The Committee discussed current Arizona State Forestry Chain Saw Policy. Several topics for revision were considered. Tony Sciacca volunteered to take the lead in managing a revision of the Chain Saw Policy. Several people in attendance at the meeting also volunteered to support the efforts. These revisions will be forwarded to the State Forester for his review and signature. The new policy revisions are targeted to go into effect July 2015.
  
- **Discussion/Revisions (Clarifications) to Committee By-Laws or the SOG 804:**
  - \* **Membership:** The Committee welcomes Tony Sciacca, who has joined with AZ State Forestry as their Training Officer, to this committee and acknowledges him as Chair of the Committee. In addition we would like to thank Jim Downey, Kevin Boness, Dugger Hughes, and Darrell Willis for their years of service to this Committee and wish them well in their new endeavors. Finally, we are announcing Russ Shumate (Acting Phoenix District Forester) as the AZSF Phoenix District representative and Aaron Green (Flagstaff District Forester) as the AZSF Flagstaff District representative. There is currently a vacancy position in the Committee for a Phoenix District Fire Department/District representative. This position will be selected and confirmed for the e-meeting scheduled for July.
  - \* **Revisions to Committee By Laws:** The Committee discussed and agreed upon several proposed revisions to the Arizona State Wildfire Qualifications Review Committee By Laws and to the Arizona State Wildfire Qualifications Review Committee Standard Operational Guideline "Minimum Experience Requirements for Red Card Certification" (SGO 804) The agreed upon revisions will be included in the policy and presented to the State Forester for review. The new policy revisions are targeted to go into effect August 2015.
  
- **The Committee Recommendations completing the "Other Training Which Supports Development of Knowledge and Skills" for each position as outlined in the 310-1.**

--------------------------	--

- some shifts on the Phoenix severity engine to give him the opportunity to meet the requirement.
- **JOHNSON, Tony - Northwest FD:** Initiate EDSP(t) taskbook – Not Approved. The 310-1 requires work as an EDS in Crews, Equipment, Overhead, and Supplies to initiate the EDSP taskbook. Documentation showing that has happened was not available at the time of the meeting.
  - **KAADY, Dan – AZ State Forestry (Flagstaff):** Completed CRWB qualification requirements – Not Approved. Documentation for ICS-200 had not been submitted at the time of the meeting.
  - **KEAN, Mike – Fry FD:** Initiate ENGB(t) taskbook – Not Approved. Documentation for S-133 had not been submitted at the time of the meeting
  - **KING, Kevin – Heber Overgaard FD:** Completed ENGB qualification requirements - Approved
  - **KUTROSKY, Candice – AZ State Forestry (Flagstaff):** **1.** File Review. All Records from USFS are accepted and Candice is approved as DIVS, TFLD, STCR, CRWB, FELB, FIRB, HEQB, FFT1, FFT2, ICT4, ICT5, RXB2, EMTF, ICT3(t), SOFR(t), EDRC(t). **2.** Completed OPS3 qualification requirements – Approved.
  - **LARRIVA, Ken - Nogalas FD:** Initiate ENGBL(t) taskbook – Approved.
  - **LASHUA, Bob – Pine Strawberry FD:** Request to have his teaching at the Arizona Wildland and Incident Management Academy be accepted as qualifying experience to maintain currency of his MEDL qualification – Approved.
  - **LEAKE, Ken - Phoenix FD:** **1.** Completed TIME qualification requirements – Not Approved. The Agency Certification signature was not included in the documentation he submitted. **2.** Initiate FSC2(t) taskbook – Not Approved. The 310-1 requires qualification as TIME before initiating FSC2 taskbook. In addition, a 14 day assignment as a qualified Unit Leader is required before initiating a Section Chief Taskbook (per Committee agreement of revision to SOG 804 on 10/8/13). Ken was not clear on the requirements for initiating a FSC2 PTB and worked on his FSC2 PTB before and in conjunction with his TIME taskbook. The Committee voted that Ken will not need to complete the 14 day assignment but will be required to begin a new FSC2 taskbook once he has obtained the Agency Certification and Interim approval from the Phoenix District Forester for his TIME qualification. Having his FSC2 taskbook issued after he is a qualified TIME will ensure compliance with the 310-1 requirement. Ken will also need interim approval from the District Forester to initiate his FSC2 taskbook if he wishes to have it initiated prior to the July 2015 meeting.
  - **LINGLEY, PJ - Sedona FD:** **1.** Initiate ICT3(t) taskbook – Approved. **2.** Initiate DIVS(t) taskbook – Approved.
  - **LISTON, Gary – St Johns FD:** Completed ENGB qualification requirements – Not Approved. Documentation for ICS-200 had not been submitted at the time of the meeting.
  - **LONEY, Conrad - Lakeside FD:** Initiate ICT4(t) taskbook –Approved.
  - **LOOMIS, Jean – Williamson Valley FD:** Completed ENGB qualification requirements – Not Approved. Three out of 5 of the Evaluations were completed by someone who is not a Wildland ENGB. Per the Arizona State SOG 804 all evaluators on wildland incidents must be qualified in the trainee position they are evaluating. In addition Jean's experience log does not show he has completed the 120 fireline hour requirement.
  - **MAYHALL, Mat – Chino Valley FD:** Initiate TFLD(t) taskbook – Approved.

<b>GUESTS</b>	Tim Durby – Groom Creek FD; Bradley Johnston – Phoenix FD; Troy Lutrick – Avondale FD; Bill Tavares – Superstition FD; Jack Upchurch – AZ State Forestry; Ricky Williams – Avondale FD

**ITEM #1 Discussion Items**

- **Chain Saw Information:**  
\* The Chain Saw policy is being reviewed by the legal department.
- **Discussion/Revisions (Clarifications) to Committee By-Laws or the SOG 804:**
  - \* **Membership:** No revisions at this time to the membership. Revisions have been made to the By-Laws that, once signed, will impact the Qualification Review Committee membership. These revisions were on the agenda for discussion during this April meeting. The policy has not been signed. This discussion has been moved to the agenda for the July 29<sup>th</sup> meeting.
  - \* **Revisions to SOG 804 and Committee By Laws:** The committee made a recommended revision for the next version of the SOG 804. The 310-1 does not list any required experience for the Wildland Fire Investigator (INVF) position. The committee recommended FFT1 position as pre-requisite experience for the INVF position. This would result in a person being required to obtain a FFT1 position prior to having an INVF taskbook initiated. The committee also briefly discussed including the process required for a Type 2 hand crew to establish themselves as a Type 2-IA Crew. The AZ State Forestry requirements are currently being developed. The committee is open to having those requirements included in the Policy 804 once the policy is completed.
  - \* **Revised Committee By-Laws:** Some committee members requested written guidelines for re-establishing qualifications that have expired. The new committee by-laws include this topic; this will be available to all members once the policy is signed.
- **The Committee Recommends completing the "Other Training Which Supports Development of Knowledge and Skills" for each position as outlined in the 310-1**

Revisions have been made to the signed Committee By-Laws that will impact the Qualification Review Committee membership. The revisions were discussed briefly during this meeting and will be addressed with more detail during the meeting scheduled for October. The Committee Membership will include the Arizona State Training Officer &amp; Training Specialist, and the District Manager from each of the 5 districts. In addition, there will be two local fire department/district representatives from each of the Arizona State Forestry District areas. Each member will be a full member and there will be no alternate members. Anyone who is interested in being considered for committee membership should send a letter of interest to the District Manager for their district w/ a cc: including the Training Officer (Tony Sciacca) and the Training Specialist (Susan Burger).</li> <li>* <b>Revisions to SOG 804 and Committee By Laws:</b> With Data Transfers from IQCS and IQS now becoming more common, there have been a couple occurrences when the data transfer is available but no corresponding pdf master record has been made available. The Committee is willing to accept the IQCS and IQS data transfers in place of training and experience documentation. The next revision of the Committee By Laws will include the process for the data transfers to occur.</li> <li>* <b>Revisions to SOG 804 and Committee By Laws:</b> If records that are being used to transfer qualifications from another Agency or State are incomplete, that is, the documentation does not satisfy or meet the 310-1 requirements, the person will be responsible to obtain the 310-1 requirement before the committee will qualify the person for the requested positions. If, for example, an IQCS or IQS Master Record shows a person as qualified as STEN but neither the record nor the person has documentation for the required training, the person will be required to submit the required training documentation before the qualification will be accepted.</li> <li>* <b>Revisions to SOG 804 and Committee By Laws:</b> Committee members discussed acceptable avenues to demonstrate job performance for the purpose of maintaining a qualification. **ITEM #1 Discussion Items**

- **Chain Saw Information:**
  - \* The Chain Saw policy requires all Fallers to maintain current certification for CPR/1<sup>st</sup> Aid. Every person with a Faller or Faller Trainee qualification, who is issued a Red Card from AZ Department of Forestry and Fire Management (i.e. Susan issues your red card) must submit documentation for current CPR/1<sup>st</sup> Aid no later than Feb 15, 2017. Faller or Faller Trainee qualifications will not be included on any AZ DFFM issued red card without documentation for CPR/1<sup>st</sup> Aid after March 1, 2017.
- **Discussion & Proposed Revisions/Clarifications to Committee By-Laws or the SOG 804:**
  - \* **Membership:** Revisions have been made to the signed Committee By-Laws that will impact the Qualification Review Committee membership. The Committee Membership will include the AZ DFFM Training Officer & Training Specialist, the District Manager from each of the 5 districts and two local fire department/district representatives from each of the AZ DFFM areas. Each member will be a full member and there will be no alternate members. Anyone who is interested in being considered for committee membership should send a letter of interest to their District Manager w/ a cc: including the Training Officer (Tony Sciacca) and the Training Specialist (Susan Burger). The District Managers have been asked to submit the names of interested persons to the Training Officer prior to the Committee Meeting in January.
  - \* **Crosswalk Matrix:** The Committee discussed including a statement in the committee by-laws and/or the State Policy 804 to address the role of the Gap Training within AZ DFFM. This statement will include direction for reviewing records when personnel are requesting to transfer their training records from other States who have completed gap training courses.
  - \* **Course Competencies:** AZ DFFM does not use a system for crediting "competencies" for missing training certifications based on experience, advanced training, or any other avenue. If a person does not have a required certificate they must complete the course again or follow the guidance already outlined in the committee by-laws
  - \* **Revision to ICT5 Experience Requirements:** Currently, Policy 804 requirement states that, to be qualified, the person must complete two Type 5 Wildland Incidents and have 2 separate evaluators. Several revisions were discussed and all will be taken into consideration when the revision is included in the next edition of the Policy 804.
  - \* **FFT2 Qualification Expiration:** Completing the required training for FFT2 (S-130/190, L-180, ICS-100, IS-700) meets the qualification requirements for a FFT2. In other words, when the training has been successfully completed, they are qualified as FFT2. The qualification will expire 5 years after the training is complete. Currency for the position can be maintained by successful performance in that position within the given timeframe (or successful performance in positions identified in the 310-1). Completing the RT-130 is not considered "successful performance in the position."
  - \* **Wildland Fire Investigator:** There are currently no training or experience requirements for the initiation of the Wildland fire Investigator (INVF) taskbook. The Committee proposed having the completion of S-130/190, L-180, ICS-100 & IS-700 be required to initiate INVF and adding S-290 as a requirement to be qualified in the position.
- **The Committee Recommends completing the "Other Training Which Supports Development of Knowledge and Skills" for each position as outlined in the 310-1**

<b>GUESTS</b>	Joe Hernandez – AZ DFFM Southwest; Mike Renovato – AZ DFFM Southwest; Darby Starr – Mohave Valley FD; Terry Tingle – Sunsites-Pearce FD; Carl Whiting – Ponderosa FD

**ITEM #1 Discussion Items**

- **Chain Saw Information:**
  - \* The Incident Qualification Cards (Red Cards) have been revised to include a space on the back on each card for the Fire Chief or Training Officer to record the date CPR, First Aid, and Bloodborne Pathogens courses were completed.
  - \* **As a reminder:** When the Chain Saw Policy (SOG 801) was signed in May 2016, it included a requirement for each person with a current Faller qualification to complete Chain Saw Refresher every 3 years to maintain their qualification. Each Faller will need to complete a Chain Saw Refresher no later than May 19, 2019 to maintain their faller qualification (and prevent their faller qualification from going on HOLD).
- **Discussion & Proposed Revisions/Clarifications to Committee By-Laws or the SOG 804:**
  - \* **Membership:** Stu Rodeffer, a Qualification Review Committee member in the capacity of a Local Representative for the Southeast District, has resigned from his position on the Committee. He has accepted a position with the Arizona Department of Forestry and Fire Management. We thank Stu Rodeffer for his contribution during several years of membership on the Qualification Review Committee. To express interest in Committee Membership please send a letter of interest to the Committee Chair (Tony Sciacca) who will present the letter to the relevant District Manager, the State FMO, and the State Forester for consideration and selection. Committee membership is a 3-year term and each member must be knowledgeable about wildland fire and wildland fire training, ICS, NWCG 310-1 and the State Policy 804.
  - \* **The Committee Recommends completing the "Other Training Which Supports Development of Knowledge and Skills" for each position as outlined in the 310-1**

## ITEM #1 Discussion Items

- **Staffing Requirement Change - Tactical Tender:** AZ DFFM has adjusted the staffing requirements for tactical tenders to match the USFS recommendations described in the 2018 Redbook, Chapter 14, and page 303. Effective 7/18/18 the required staffing for tactical tender: One qualified FFT1 & One qualified FFT2
- **Command and General Staff Course (S-420):** Given the recent revisions to the S-420 course completion requirements, the Committee will require the S-420 Course Evaluation to be submitted to the Committee along with the course completion certificate. The committee will ensure the recommendations provided by the S-420 Course evaluators are addressed.
- **Discussion & Proposed Revisions/Clarifications to Committee By-Laws or the SOG 804:**
  - \* **Clarification re: Final Evaluation:** There have been some questions re: the statement of required experience for several positions in the 310-1 that reads "Completion and Certification of PTB...on a wildland incident" Susan Burger contacted the Geographic Area Training Representative for the Southwest Region (Jake Nuttall) who confirmed that the statement is there because the taskbook for that position includes tasks that are categorized with a "W" – the statement is not there to state that the taskbook must be completed on a wildland incident. Those positions do require a wildland assignment but they do not have to be the final assignment.
  - \* **SOG 804 Amendment Letter:** This letter has been emailed to the Chief or Wildland Coordinator for each agency who has a CFRA with AZ DFFM. The letter will also be posted with the SOG 804 on the AZ DFFM website. In brief. There have been revisions to the SOG 804 (1) The references to the S-133 Course has been removed since the NWCG has been discontinued the course as a stand-alone course. The material from S-133 has been included in the new version of the S-131 course (10/2016) (2) The Required Experience for the ICT5 position has been revised to match the 310-1 requirement standards (3) The Wildland Fire Investigator (INVF) position will no longer be reviewed by the Qualification Review Committee. The local Fire Chief now has the authority to initiate and certify their people for that position (4) The training specialist now has the authority to accept a transfer of qualifications from an outside agency to AZ DFFM/CFRA agencies without Committee Review. Records that are incomplete or require additional clarification will be presented to the committee for input and direction. The training specialist can request committee review prior to the transfer of any training record at their discretion.
  - \* **Upcoming Revisions:** The Standard Operating Guidelines (SOG) 804 and the Committee By Laws will be revised during the fall of 2018. The committee discussed a few possible revisions to bring the SOG 804 closer to the 310-1 standards while ensuring we maintain high standards to ensure safety and integrity in qualifications approved by the AZ DFFM Committee.

**The Committee Recommends completing the "Other Training Which Supports Development of Knowledge and Skills" for each position as outlined in the 310-1**

<b>CHAINSAW REPRESENTATIVE</b>	AZ Dept. of Forestry and Fire Management: Stu Rodeffer available via phone
<b>GUESTS</b>	Kylee Burch - Central Arizona FMA, Teresa Hernandez-Stafford – DFFM, Ron Hood – Pinion Pine FD, Brett Lane – Picture Rocks FD, Troy Lutrick – Avondale FD, Todd Miranda – Sedona FD, Monica Rosano – Picture Rocks FD, Darby Starr – Mohave Valley FD, John Truett - DFFM, Zack Van Slyke – Alpine FD, Carl Whiting – Ponderosa FD

**ITEM #1 Discussion Items**

- **Discussion & Proposed Revision/Clarification to Committee By-Laws or the SOG 804:**
  - **SOG 804 Discussed Revisions:** With the resignation of Director Whitney and appointment of a Director Tenney, the review of the revised SOG 804 has been delayed. The revised SOG-804 is targeted for distribution for the July 24<sup>th</sup> Committee meeting.
  - There was discussion regarding the acceptance of Staging and Preposition assignments as “Fire Experience” towards fulfilling on the completion requirements for qualification in a new position. Specifically the Single Resource Boss position. John Truett, State FMO, asked the committee to discuss this after the meeting and propose a standard to be included in the revised SOG 804.
  - Conversation re: allowing historical recognition for ICT5 position to someone who was ICT4 prior to the implementation of the ICT5 position in March 1999, resulted in a decision to give anyone, who was already qualified as ICT4 when the ICT5 position was implemented, historical recognition of the ICT5 position. Currency for the position will be maintained according to their fire experience.
  - Questions were brought to the DFFM training personnel regarding Paul Summerfelt’s eligibility to sign as a final evaluator on multiple task books during his employment at Flagstaff Fire Department. To address the questions, the committee was presented with a full review of Paul’s qualification history. Following the Committee review and discussion it was unanimously agreed upon, by all members present at the meeting, that Paul is qualified for every task book that he signed as a final evaluator. The committee has no concerns about any of the signatures that were reviewed during the meeting. Paul’s records have been updated to reflect his current qualifications.
  - **Committee By-Laws Revision:** There were no revisions or discussions regarding the committee by-laws during this meeting.
  - **Committee Membership:** There were no revision or discussions regarding committee membership during this meeting.

**The Committee Recommends completing the “Other Training Which Supports Development of Knowledge and Skills” for each position as outlined in the 310-1**

REQUESTS/ CONCLUSIONS	<ul style="list-style-type: none"> <li>• <b>BARR, Ariel – Arizona Fire &amp; Medical:</b> Initiate STEN(t) Task Book – Approved</li> <li>• <b>BERG, Doug – Walker FD:</b> File Review. The AZ Qualification Committee last reviewed Doug’s qualifications in 2008. At that time Doug worked for Central Yavapai FD and his qualification were approved through the DIVS(t) position. Doug moved to Colorado and worked for the Pueblo Area Office. While there, he acquired DIVS, ICT4, OPS3, and was issued ICT3(t), OSC2(t), SOFR(t), and SOF2(t) task books. He has now returned to Arizona and works for Walker FD. All the qualifications contained in his IQS Master Record and Data transfer were approved. Doug is currently qualified as: OPS3, DIVS, TFLD, STEN, ICT4, ENGB, FFT1, OSC2(t), ICT3(t). Doug can re-gain expired qualifications per the SOG 804.</li> <li>• <b>BEVINS, James – Pinion Pine FD:</b> Completed ENGB Qualification Requirements – Approved</li> <li>• <b>BROTT, William – Avondale FD:</b> Completed ENGB Qualification Requirements – Approved</li> <li>• <b>CHAVEZ, Cory – AZ DFFM Southeast District:</b> Initiate ENGB(t) Task Book – Approved</li> <li>• <b>CHRISTY, Curt – Seligman FD:</b> Initiate MEDL(t) Task Book – Approved</li> <li>• <b>CORDOVA, Thomas – Pine-Strawberry FD:</b> Initiate ENGB(t) Task Book – Approved</li> <li>• <b>CRUZ, Chris – Rio Rico FD:</b> Initiate ENGB(t) Task Book – Approved</li> <li>• <b>DAVIS, Jonathon – ADOC Escudilla Crew:</b> Initiate FAL2(t) Task Book – Approved</li> <li>• <b>DEWITT, Garrett – Heber Overgaard FD:</b> Completed MEDL Qualification Requirements – Approved</li> <li>• <b>DUARTE, Frank – Rio Rico FD:</b> Initiate PSC3(t) Task Book – Approved</li> <li>• <b>DURBY, Tim – Pinetop FD:</b> Completed SVBD and SUBD Qualification Requirements – Approved</li> <li>• <b>FERRUCCI, Margie – Southern Yavapai FD:</b> Initiate LOFR(t) Task Book – Approved</li> <li>• <b>GREEN, Barry – Pinetop FD:</b> Initiate OSC2(t) Task Book – Approved (B Arthur Interim Approval 4/16/19)</li> <li>• <b>HALCOMB, Richie – Pinetop FD:</b> Initiate ENGB(t) Task Book – Approved (B Arthur Interim Approval 4/16/19)</li> <li>• <b>HALTER, Ferron – Heber Overgaard FD:</b> Initiate ENGB(t) and HEQB(t) Task Book – Approved</li> <li>• <b>HANEY, Tom – Mayer FD:</b> Initiate TFLD(t) Task Book – Approved</li> <li>• <b>JOHANSON, Keith – ADOC Escudilla Crew:</b> Initiate FAL2(t) Task Book – Approved</li> <li>• <b>JOHNSTONE, Brennan – Prescott FD:</b> Initiate ICT4(t) Task Book – Approved</li> <li>• <b>LANE, Brett – Picture Rocks FD:</b> Completed ENGB Qualification Requirements – Not Approved. The committee agreed that the submitted ENGB(t) fire experience, while meeting the minimum Operational Periods required, did not include a sufficient amount, variety, or complexity of wildfire experience to assess his readiness to be qualified in the position. Brett will complete an assignment of at least 3 operational periods, on a Type 3, 2 or 1 incident, and where suppression activity is taking place. A Personnel Performance Rating (ICS-225) must be submitted for the additional operational periods. The evaluator must be ENGB qualified, approved by this committee, and include a recommendation for the approval of ENGB certification on the ICS-225 form. Once these requirements are met, Brett will submit his documentation to the Southeast District Committee for review. The District Committee is authorized to give an interim approval. <b>GUESTS</b>	Cassie Peters – AZ DFFM; Adam Short – Fry FD; Merydth Walter – Daisy Mountain FD

**ITEM #1 Discussion Items**

- **Discussion & Proposed Revision/Clarification to Committee By-Laws or the SOG 804:**
  - **SOG 804 Discussed Revisions:** The revised Minimum Experience Requirements for Red Card Certification (SOG-804) was signed by Director Tenney and will be distributed via email to the Wildland Coordinators who have current CFR Agreements with AZ DFFM. The updated version of the SOG-804 will also be posted to the DFFM website when the website is brought up to date.
  - **Committee By-Laws Revision:** There were no revisions or discussions regarding the committee by-laws during this meeting.
  - **Committee Membership:** There were no revisions or discussions regarding committee membership during this meeting.
  - **Email Review:** There were a handful of requests from the Southeast District that were reviewed, and recommended to advance to the State Committee, that were not reviewed during this meeting due to an insufficient amount of lead time to prepare their summary sheets for presentation. The committee agreed to review these requests via an email review no later than August 2<sup>nd</sup>. We will also include the handful of requests that were not reviewed due to not being submitted by the submission deadline.
  - **International Transfer/Crossover of Wildland Qualifications:** Merydth Walter is employed with Daisy Mountain FD. She has Wildland Qualifications that were certified in Australia through their Qualification Program. I have not located a crossover or transition program that is approved by the NWCG for managing the transition of international qualifications. When we have identified a process I will initiate an email or phone call for the committee to review her records.

**The Committee Recommends completing the "Other Training Which Supports Development of Knowledge and Skills" for each position as outlined in the 310-1**

<b>CHAINSAW REPRESENTATIVE</b>	AZ Dept. of Forestry and Fire Management: Stu Rodeffer available via phone
<b>GUESTS</b>	Cassie Peters – AZ DFFM; Adam Short – Fry FD; Merydth Walter – Daisy Mountain FD

**ITEM #1 Discussion Items**

- **Discussion & Proposed Revision/Clarification to Committee By-Laws or the SOG 804:**
  - **SOG 804 Discussed Revisions:** The revised Minimum Experience Requirements for Red Card Certification (SOG-804) was signed by Director Tenney and will be distributed via email to the Wildland Coordinators who have current CFR Agreements with AZ DFFM. The updated version of the SOG-804 will also be posted to the DFFM website when the website is brought up to date.
  - **Committee By-Laws Revision:** There were no revisions or discussions regarding the committee by-laws during this meeting.
  - **Committee Membership:** There were no revisions or discussions regarding committee membership during this meeting.
  - **Email Review:** There were a handful of requests from the Southeast District that were reviewed, and recommended to advance to the State Committee, that were not reviewed during this meeting due to an insufficient amount of lead time to prepare their summary sheets for presentation. The committee agreed to review these requests via an email review no later than August 2<sup>nd</sup>. We will also include the handful of requests that were not reviewed due to not being submitted by the submission deadline.
  - **International Transfer/Crossover of Wildland Qualifications:** Merydth Walter is employed with Daisy Mountain FD. She has Wildland Qualifications that were certified in Australia through their Qualification Program. I have not located a crossover or transition program that is approved by the NWCG for managing the transition of international qualifications. When we have identified a process I will initiate an email or phone call for the committee to review her records.

**The Committee Recommends completing the "Other Training Which Supports Development of Knowledge and Skills" for each position as outlined in the 310-1**

**ITEM #1 Discussion Items**

- **Discussion & Proposed Revision/Clarification to Committee By-Laws or the SOG 804:**
  - **SOG 804 Discussed Revisions:** (1) The committee discussed the wording of the "extended attack" requirements for some of the positions in the SOG-804. They agreed that the SOG 804 should be revised to identify that "extended attack" occurs on Type 3, 2, or 1 incidents. They recommend revision the 804 to include that to provide certainty. (2) The committee would like to re-look at the requirement to initiate a TFLD taskbook. They would like to discuss the possibility of requiring an assignment in both SRB positions with an ICS-225 rather than one of the positions (when utilizing the 2 SRB+ICT4 pathway) (3) There is a recommendation to include a requirement to complete an assignment as a trainee with an Agency SRB (State Certified SRB or a Federal Agency SRB) when requesting to transfer from a non-agency certification over to Az State Agency Certification through the AZ State Committee. (4) The committee will also be discussing the possibility of an alternate requirement for completing a SRB position when they are qualified as a SRB.
  - **Committee By-Laws Revision:** There were no revisions or discussions regarding the committee by-laws during this meeting.
  - **Committee Membership:** There were no revisions or discussions regarding committee membership during this meeting.
  - **International Transfer/Crossover of Wildland Qualifications:** Merydth Walter is employed with Daisy Mountain FD. She has Wildland Qualifications that were certified in Australia through their Qualification Program. She will meet with training specialist so they can review the records and design a transfer sheet for the committee to review her qualifications.

**The Committee Recommends completing the "Other Training Which Supports Development of Knowledge and Skills" for each position as outlined in the 310-1**

## APPENDIX A

### **MARCH 10, 2020:**

#### **Committee Members in Attendance:**

DFFM: Susan Burger; Bob Arthur; Eric Huddleston

A1S:

A2S: Dennis Stern

A3S: Chris Ader, Mike Hoye

A4S: Tyson Esquibel

A5S: Todd Abel, Harley Harmon

**Guests:** Graeme Barnes, Darby Starr, Merydth Walter, Dave Wilson

State Wildland Qualifications Committee Meeting. Merydth Walter presented an overview of the training and qualification structures in Victoria Australia and outlined the pathway she followed to obtain her qualifications. She also distributed a Course Overview, Oral and Skills Assessments, Written Assessments, and Theory Assessments packets for the positions relevant to the pathway she followed throughout her career. Given the amount of information and the time constraints of the meeting on 3/10, the committee tasked a sub-committee (Todd Abel, Bob Arthur, Susan Burger) to meet separately prior to the next meeting on April 6<sup>th</sup> 2020. Their task was to review and analyze the training and qualification requirements in Victoria, Australia, compare them with the NWCG 310-1 requirements, and then provide a proposal re: a transfer of her qualifications to the committee at the next meeting.

---

### **APRIL 1, 2020**

**Sub-Committee Equivalency Meeting Attendance:** Todd Abel, Bob Arthur, Susan Burger, Krista Countryman

The sub-committee met for the purpose of (1) Analyzing the course content for the courses that were completed by Merydth Walter in Victoria, Australia as she advanced throughout her career from one position to another (2) Analyzing the performance requirements that were included in the task books she completed to become qualified in the positions she obtained as she advanced from one position to another (3) Compare the training and performance Merydth completed to the NWCG approved task books and courses (4) Determine what/if NWCG requirements for training and/or task book completion have been met. (5) Award equivalency credit for Training/Task Book experience where the criteria have been met.

During the process of review, the sub-committee requested her certification documents. Merydth obtained many of her qualifications prior to the use of Task Books in Victoria and, for the more recent qualifications, she stated she is not sure if she has them and, if she does, they are packed away in a storage unit in Australia and she does not have access to them now. She did not keep her training assessment packets. She has the letter from the Training Manager in Victoria stating her top level qualifications and little more.

Given the amount of documentation that Merydth did not have, the sub-committee was unable to compare her actual task books or her training to the NWCG requirements. Based on the letter from her Training Manager (which IS an acceptable form of documentation per SOG-804) the sub-committee is proposing the following:
