Cooperators:

EFFECTIVE IMMEDIATELY 07/12/22:

Due to the dramatic increase in fuel prices, DFFM will issue a reimbursement of \$2.50 per gallon as a temporary surcharge for both diesel and gas. This per gallon reimbursement was determined utilizing the average gas price increase in the Western States from June 2021 to June 2022.

In order to qualify for the fuel reimbursement, you must submit fuel receipts with your invoice backup documentation. Reimbursements to be rounded to the nearest whole gallon.

Fuel reimbursements will be reevaluated at most every three months, which may increase or decrease the rate. The next evaluation is anticipated to be completed October 2022.
